PURCHASING OVERVIEW

Welcome to Contracts & Purchasing Services at San Jacinto Community College District (SJCCD or College). This Purchasing Handbook is designed to give you basic information and training on purchasing policies and procedures. You will learn about the tools and resources available to you when making departmental purchases.

The College is a public entity, and as such, we are accountable to many stakeholders: the taxpayers, the state, funding agencies, and more. When making purchases for the College, it is incumbent upon you to avoid impropriety.

There are three major things that you should consider before making any purchase:

**USE COLLEGE PURCHASING POWER APPROPRIATELY.**
As an employee of SJCCD, you are allowed to make purchases for official business use only. Make sure that you know what you are purchasing and why it is needed. If you have questions, check with your supervisor or Contracts & Purchasing Services.

In addition, always make every effort to ensure that you are getting quality goods at a fair price. This generally means using trusted vendors, and shopping for the best price for the item needed.

**AVOID THE APPEARANCE OF FAVORITISM.**
Make sure that you do not accept gifts or gratuities from vendors, either for business or personal enrichment. This could bring into question the reasons why the vendor was chosen, and whether or not the decision was based on a legitimate business need.

**AVOID THE APPEARANCE OF A CONFLICT OF INTEREST.**
The College prohibits the purchase, lease, or contracting for services with any employee or near relative who has an employee-vendor relationship. An employee-vendor relationship is defined as:

- An employee, acting alone, proposes for a consideration to rent or sell goods or to provide services to the College, or an employee owns or controls more than 10% interest in any business that proposes for a consideration to rent or sell goods or to provide services to the College; or

- A near relative of an employee, acting alone, proposes for a consideration to rent or sell goods or to provide services to the College, or a near relative of an employee owns or controls more than 10% interest in any business that proposes for a consideration to rent or sell goods or to provide services to the College, and the employee has, in any connection with his or her College employment, any responsibility for, or will be involved in any manner in, the departmental decision to accomplish or approve the transaction.

GENERAL PROCESSES AND PROCEDURES

AUCTION/SURPLUS ITEMS
Auction form can be downloaded by the department wishing to send surplus items to auction. Requesting department will complete the form and obtain all required signatures. Forms should then be sent to C&P via fax, email, or inter-office mail. Auction form can be found on The Exchange. [http://internal.sanjac.edu/ College Resources > Forms/Documents > Purchasing Forms]

BOARD OF TRUSTEES APPROVAL (commonly referred to as Board Approval)
The Board of Trustees must approve purchases greater than $50,000. "Purchase" is defined as goods, services, and/or projects within a fiscal year's 12-month period using several requisitions during that time or one requisition and from one or many suppliers. Purchases over $50,000 must utilize one of the following forms of procurement: formal solicitation, sole source, or cooperative contract.

CLOSING PURCHASE ORDERS
Mark “final payment” on the last invoice for payment sent to Accounts Payable. If a PO is not closed by A/P, e-mail the appropriate Buyer with the PO number. Only submit a request to close a PO after confirming all invoices have been paid and checks have been issued.

COMMODITY CODES
Commodity codes are required to identify the category of items purchased through Banner. Each Buyer is assigned a set of commodity codes. The most current commodity code list can be found on The Exchange. [http://internal.sanjac.edu/ College Resources > Forms/Documents > Purchasing Forms]

CONTRACTS
All contracts must be routed through C&P for review and approval. All contracts and agreements that commit College funds shall be signed by the Chancellor or her designee. The Chancellor’s designee is the Vice Chancellor of Fiscal Affairs (VCFA). Contracts are reviewed in the order they are received.

Contracts and agreements are broad terms frequently used to cover a number of different types of agreements established by C&P, including price schedules and fixed price agreements. These agreements are written contracts with a specific vendor for specified products or services for a designated period of time.

The Texas Education Code requires that the College issue solicitations for commodities where the College spends over $50,000 district-wide over a fiscal year, 12-month period.
COOPERATIVE (CO-OP) PURCHASING AGENCIES
A purchasing cooperative is a type of cooperative arrangement that aggregates demand to obtain lower prices from selected suppliers. Co-op agencies are organizations that are independent of the College. Co-op programs allow government agencies to utilize contracts that were competitively bid.

The College utilizes several co-op programs. This list is not all inclusive:

- Educational & Institutional Cooperative Purchasing (E&I)
- First Choice Cooperative (FCC)
- Harris County Department Education (HCDE)
- Houston-Galveston Area Council (H-GAC)

All forms can be found on The Exchange.  http://internal.sanjac.edu/ College Resources > Forms/Documents > Purchasing Forms

MARKETING PURCHASES
The following steps are for ordering promotional items, apparel, trophies, and awards from the College’s approved vendors. The purpose is to ensure a unified marketing presence across San Jacinto College and to streamline the process between San Jacinto College departments and the vendors. Vendor contact information and procedures for acquiring Marketing approval can be found at the following link. http://sanjac.edu/marketing-forms

- If the item has the San Jacinto College logo or name on it, the item and artwork will require approval by the Marketing department.
- Contact the vendor to obtain a quote and quote number for the item(s) you wish to order. This step must be completed before a requisition is entered, as a quote number and price from the vendor will be required as part of the requisition process.
- Once the requisition is entered, C&P will process and forward the purchase order to the requesting department. The requesting department is then responsible for forwarding the purchase order to the vendor.

“Purchase” is defined as goods, services, and/or projects requested during a 12-month period using several requisitions during that time or one requisition.

PURCHASE ORDERS
An approved PO must be issued before an order is placed for goods or services. You should use your copy of the PO to place the order as this is the College’s contract to pay for the purchase. Without an approved PO, you could personally be liable for the purchase.

QUOTE THRESHOLDS

- Up to $4,999 per purchase – One (1) quote required.
- $5,000 - $9,999 per purchase – Three (3) quotes required.
- $10,000 - $49,999 per purchase – Three (3) written quotes must be obtained and on file in C&P. A quote number will be assigned by C&P.

“Purchase” is defined as goods, services, and/or projects requested during a 12-month period using several requisitions during that time or one requisition.

- Purchases up to $4,999
  Purchases up to $4,999 are delegated to the departments as long as a contract has not been previously established for that commodity. One quote is required from the department’s vendor of choice.

- Purchases $5,000 - $9,999
  Purchases $5,000 - $9,999 require three quotes as long as a contract has not been previously established for that commodity including a co-op contract. Departments may obtain the quotes. These quotes must be noted in document text (FOAPOXT) of requisitions.
• Purchases $10,000 - $49,999
Purchases $10,000 - $49,999 require three quotes as long as a contract has not been previously established for that commodity including a co-op contract. C&P or departments may obtain these quotes. C&P will assign a quote number and quotes will be kept on file. These quotes must be noted in document text (FOAPOXT) of requisitions.

• Purchases $50,000 and over
Purchases $50,000 and over require a formal solicitation as long as a contract has not been previously established for that commodity including a co-op contract. This process takes at a minimum 2-3 months. Purchases over $50,000 require approval by the Board of Trustees.

RESPONSIBILITIES OF THOSE ENTERING REQUISITIONS
The person who completes the requisition has certain responsibilities before the requisition is completed and routed for approval. He/she must ensure the following:

• Requisition orders reflect the appropriated budget account. Contact the Budget Control with account questions at x 6148.
• Ensure that the ship-to location is the correct campus address.
• Properly identify the vendor. Please note that there may be several addresses for a particular vendor. This usually occurs because a vendor has more than one division where orders may be placed or different payment remittance addresses.
• Accurate and complete description of the goods or services being ordered including item number, per item cost, applicable discount, model numbers, etc.
• Shipping and handling costs are to be included when necessary. In all instances, actual shipping costs must be included on the requisition when determinable. Estimated shipping and handling costs are to be added to all requisition orders when actual costs cannot be determined. Shipping and handling must be denoted as a separate line item using the same commodity code as the items requested.
• Use the correct Fund, Org, Account, Project (FOAP) codes.
• Include contract information, sole source number, co-op contract information, or quote information, if applicable.
• Ensure that a vendor packet is completed and returned if a vendor cannot be found in Banner.
• Place order using PO with vendors.
• Expedite and receive orders.

REQUISITIONS - APPROVALS
Use FOIDOCH to view the status of a requisition.
No status – Has not been completed by requisitioner
C – Completed by the requisitioner and in the approval process
A – Approved by all in the approval process and in C&P’s queue
X – Cancelled

Use the following Banner forms to view requisition approvals.
FOIAPPH – shows past approvals and the date of an approval
FOAAINP – shows what approvals are still needed and the available bypass approvers

REQUISITIONS - COPYING
When copying requisitions, review past PO’s before completing the copied requisition.

• Once a requisition is completed, it cannot be changed. When additions or changes need to be made to commodity codes, document text, line items, etc. on an approved requisition, they are made on the PO. Changes are not reflected on the related requisition.
• You can use FOIDOCH to see an old PO. Enter the requisition number of the one you want to copy and the associated PO can be viewed.

REQUISITIONS – DENYING/CANCELING
• Once a requisition has been completed, changes can no longer be made without denying the document and setting it back to incomplete. This can be done any time before the final approval is obtained. Use the Document by User Form (FOADOCU) to deny it.

• Once a requisition has completed the approval process, it can no longer be denied or disapproved. Send a request to the Buyer to have the requisition canceled. A new requisition will need to be created, if necessary.

REQUISITIONS - PROCESS
Purchasing requisitions are created by departments and are subject to an approval process based on organization (org) codes and the amount of the purchase. All purchasing documents have automatic routing in Banner. Once all the necessary approvals have been secured, the requisition populates in a Buyer's queue based on the commodity codes used. The Buyers will review requisitions for compliance to laws, policies, and procedures.

SOLE SOURCE PURCHASE
A "sole source" purchase means that only one supplier, to the best of the College’s knowledge, based upon thorough research, is capable of delivering the required products or services.

A sole source purchase IS, per Section 44.031 of the Texas Education Code:
• an item for which competition is precluded because of the existence of a patent, copyright, secret process, or monopoly;
• a film, manuscript, or book;
• a utility service, including electricity, gas, or water; and
• a captive replacement part or component for equipment.

A sole source purchase IS NOT:
• an item from a vendor because we really, really like that vendor and they are our friend;
• an item we want to buy because that is the kind we have always purchased in the past;
• an item from a vendor that is located close to us and is convenient; and
• an item that is patented but has acceptable substitutes.

Example: Nike athletic shoes are patent protected, but there are several other brands such as Adidas, New Balance, etc. that can also provide athletic shoes. Brand specificity is not considered justification for a sole source purchase.

If you are requesting a sole source purchase, you will need to submit the following to C&P:
• Justification for Sole Source Purchase Requirements form with all required signatures.
• Signed formal letter from the vendor, on their company letterhead, verifying they are the sole manufacturer/supplier.

The Justification for Sole Source Purchase Requirements form can be found on The Exchange. http://internal.sanjac.edu/ College Resources > Forms/Documents > Purchasing Forms

SOLICITATIONS - PROCESS
The formal solicitation process usually takes about 2-3 months from start to finish. Specifications must be written and advertised in the newspaper. Once sealed bids or proposals are received, a formal opening must take place. The results of the opening must be reviewed and a recommendation of award presented to and voted upon by the Board of Trustees at a regularly scheduled meeting.
SOLICITATIONS - THRESHOLD
The solicitation threshold is $50,000. This means that any specific item, class of items and/or services of a similar nature, purchased by the College totaling more than $50,000.00 for the entire fiscal year must be competitively bid. This restriction is for the entire district and not by location or departments.

You may not circumvent the law by splitting purchases into two or more purchase orders which, individually come to under the $50,000 solicitation threshold.

TAX EXEMPT ENTITY
The College is exempt from paying Texas sales tax and Texas hotel occupancy tax. Carry these forms with you when making any purchases or checking into a hotel in Texas. Tax exemption forms can be found on The Exchange http://internal.sanjac.edu/ College Resources > Forms/Documents > Purchasing Forms

UNAUTHORIZED PURCHASES
An approved PO must be issued before an order is placed for goods or services. You should use your copy of the PO to place the order as this is the College’s contract to pay for the purchase. Without an approved PO, you could personally be liable for the purchase. See the policies below:

Unauthorized Purchases (After the Fact Transactions)
Employees who purchase goods and/or services before proper authorization has been obtained assume complete responsibility for the purchase. Any employee who places an order for goods and/or services without following the requisition process violates the College’s purchasing procedures. SJCCD employees, who generate financial liability for the College without being authorized to do so, will be subject to disciplinary action, including suspension or termination. The District Business Office is not authorized to make payment in such cases unless instructed to do so by the Chancellor or his/her designee.

Policy V-B General Policy and Guidelines on Purchasing
Excerpt
“All purchases must be made in the name of the San Jacinto College District on written purchase orders that are properly coded for budget charges and that are approved by the Chancellor or his/her designee before orders are placed with vendors.”

VENDORS
Purchase orders can only be processed for vendors set up in Banner. Use FTIIDEN to locate vendors. Make sure you try several searches before determining that the vendor is not in the system. Use multiple wildcard symbols (%), lowercase and uppercase letters. If you cannot locate a vendor in Banner, forward the New Vendor Packet to the prospective vendor.

Patsy Laredo, Senior Administrative Assistant in C&P, is the contact for vendor maintenance. This includes setting up new vendors, making changes to old vendors, setting up employees as vendors for reimbursements, activating inactive vendors, etc. Patsy can be reached at x6117 or patsy.laredo@sjcd.edu. The most current vendor packet can be found on The Exchange. http://internal.sanjac.edu/ College Resources > Forms/Documents > Purchasing Forms
