Emergency Closings

Providing a safe and secure environment for our students, faculty, and staff is a top priority at San Jacinto College. In the event the College needs to be closed for any situation, such as inclement weather, students should refer first to their San Jacinto College email. Email is the primary form of communication in an emergency situation. Students should also refer to the College website at www.sanjac.edu or the Emergency Information Line at 1-888-845-5288 for the most immediate and current information regarding closure status. In addition, local television and radio stations may also broadcast bulletins announcing campus closings in emergency situations.

Students are encouraged to sign up for the SJC Alert Me system to receive voice and text messages in the event of a College closure. SJC Alert Me will provide San Jacinto College with another communication tool to keep students, faculty, and staff informed during threatening situations and weather-related closings. In order to receive voice and text messages, you must provide your telephone and/or cell phone number. There is no cost to sign up for this notification service. However, when the system sends a message to your personal phone, you are responsible for any charges from your phone service provider associated with receiving voice or text messages.

Students and Social Media
Social media is a great way for students to stay connected. The following guidelines are designed to help you navigate the social Web at San Jacinto College and in your personal life.

Participate and Connect
We can’t wait to hear from you! Visit the social media directory online at www.sanjac.edu/social-media for a list of San Jacinto College’s social media sites, and join the ones that interest you the most. Let us know if you have any questions or what type of information you would like to see on our social media sites.

Utilize social media to connect with friends, family, and classmates. Social media provides a great opportunity for you to connect and engage with the world around you.

Be careful what you share
Never give out personal information on social media sites such as social security numbers, G number, passwords, PIN numbers, account numbers, your address, or phone number. San Jacinto College will never request this type of information from you through a social media site.

You can’t take it back
Once you post something in social media, you can’t take it back. Always remember that social media sites are not necessarily “private.” Regardless of your privacy settings, anyone you are connected to might share something you have posted online. Before you post, remember that many employers, colleges, and universities are turning to social media sites to help determine admissions and employee selections. Each day there are more court cases utilizing social media sites as supporting evidence. So, please be careful what information you share online.

San Jacinto College does not monitor the personal social media sites of our students. However, we do monitor the College name (San Jacinto College) and variations of it online. Students may be subject to disciplinary action, as outlined in the San Jacinto College student handbook, based on information posted on social networking sites. San Jacinto College reserves the right to turn cases of serious incidents over to the proper authorities. Examples of this may include, but are not limited to, threats against the College, its students, or employees.

Classroom Activities
Please do not access social media sites during class times, unless instructed to do so by your professor. Limit your activity on social networking sites on public computers during times of high traffic; other students may need the machines to complete course work.

Social Media Monitoring
Does the College monitor my social media accounts?
No, not at all. We wouldn’t want to monitor your social media accounts even if we could. Your information is yours, and it’s private. We want to keep it that way. Becoming a fan of the College’s Facebook page does NOT mean that we can access your Facebook account.

However, we DO monitor the College’s name online – just like any major company monitors what’s being said about its brand. There are keyword search engines (check out www.Kurrently.com) that allow you to keyword search through any social media posts that are shared publicly. If your Facebook profile and Twitter profiles are set to be publicly shared they can appear in these searches.

We routinely monitor for the College name and variations on it, such as:

- San Jacinto College
- San Jac
- SanJac
- SJCC, SJCN, SJCS, etc.

We use this information to respond with assistance if we can, or to retweet tweets mentioning the College. Good or bad, we want to know what’s being said about the College. This information helps us tweak our services so that we can better assist our students.

In the event that a threat is made on a social network site concerning the College, we take this very seriously (as per our social media guidelines). Our students’ safety is our top priority. Threatening posts are taken seriously and passed on to the proper authorities so that the appropriate action can be taken.

HIV and AIDS Information

What is HIV?
HIV stands for human immunodeficiency virus. HIV may live in the human body for years and can be spread to other people even before any symptoms appear. HIV weakens the body making it incapable of fighting diseases and infections. As these conditions get worse, a person is diagnosed as having AIDS.

Currently, there is no known cure for AIDS.

How is HIV Spread?
These are the most common ways in which HIV is spread:

- Having unsafe sex—whether vaginal, anal or oral—with someone who is infected with HIV. Unsafe sex means letting someone else’s blood, semen or vaginal fluid get into your body.
- Sharing drug needles or syringes with an infected person.
- From an infected mother to her baby during pregnancy or childbirth, and, rarely, through breast feeding.

How You Won’t Catch HIV
You can’t just “catch” HIV like a cold or flu, because the virus is a different type. You won’t get HIV:

- Through the air or sitting next to someone at work, school, etc.
- From saliva, sweat, tears, urine, or excrement
- Being bitten by mosquitoes or any other insect
- Donating blood

What Behavior Puts You At Risk?
The following behaviors are risky when performed with an infected person. You can’t tell by looking if a person is infected.

Risky Behavior
- Sharing drug needles and syringes.
- Anal sex, with or without a condom.
- Vaginal or oral sex with someone who uses drugs or engages in anal sex.
- Sex with someone you don’t know well (a “pickup” or prostitute) or with someone you know who has had several sex partners.
- Unprotected sex (without a condom) with an infected person.

Safe Behavior
- Not having sex
- Sex with one mutually faithful, uninfected partner
- Abstain from intravenous drug use

Why Get Tested for HIV?
- You think you may be infected and you want to know for sure so that you can go on to consider getting medical help.
- Knowing your antibody status will keep you from infecting others through having unsafe sex and/or sharing needles.
- You are thinking about having a baby or breastfeeding your baby.
- You would feel less stress if you knew for certain whether you are infected.

HIV counseling and testing are available at many public health clinics at little or no cost. You do not have to use your real name and all information is confidential. For HIV counseling and testing site locations, consult a counselor in the Counseling Center or call:

1. Houston AIDS Hotline: 713-524-AIDS
2. Texas AIDS LINE: 1-800-299-AIDS

Alcohol and Substance Abuse Awareness

The legal drinking age in Texas is 21 years or older.

The substance abuse policy at San Jacinto College prohibits possession, use, sale or distribution of any quantity, whether usable or not, of any drug, alcoholic beverage, narcotic or controlled substance as defined in the Texas Controlled Substance Act. For more information, consult the student discipline policy located in this handbook.

Substance Abuse Prevention Program

Substance Abuse Policy

The policy of the San Jacinto Community College District is to provide all students and employees with an environment that is free of substance abuse. The illegal use of controlled substances on college campuses subjects the College, its students and employees to unacceptable risks of accidents, interferes with the learning and working environments, and is inconsistent with the behavior expected of persons associated with the College.

The College firmly supports remedial assistance and, when necessary, disciplinary action for those individuals who violate conduct expectations, including those related to the use, possession, distribution, or possession for purposes of distribution, any controlled substances or illegal drugs on College property or at College-sponsored activities at off-campus locations.

Law enforcement officers are supported by the College to ensure compliance with all laws including those relating to alcohol and to the use, abuse, possession, or distribution of controlled substances or illegal drugs.

Health Risks Associated with Substance Abuse

Alcohol abuse can lead to alcoholism, premature death, and complications of the brain, heart, liver, and other body organs. It is a prime contributor to suicide, homicide, motor vehicle deaths, and other so-called “accidental causes” of death. Alcohol interferes with psychological functions, disrupts occupational and educational effectiveness, and is involved in most cases of child abuse and interpersonal difficulties.

Illicit drug use can result in a wide range of health problems including drug addiction, death by overdose or withdrawal, seizures, heart problems, infections, liver disease, and chronic brain dysfunction (i.e. memory loss, hallucinations, paranoia and psychosis).

Student Assistance Program

In recognition of these increasing problems within contemporary society dealing with alcohol and substance abuse, education has been, and will continue to be, the primary focus of the College's efforts. Providing honest, factual information through organized educational programs will assist individuals in making reasonable decisions regarding the use of chemical substances. This includes information about illegal substances and their effects, and about the establishment of responsible drinking behavior for those who choose to use alcoholic beverages.

Students who desire confidential assistance from the College in dealing with a perceived alcohol or chemical substance abuse problem may self-refer for that assistance by making an appointment with a counselor in the campus counseling center. Although the College does not conduct treatment or rehabilitation programs, College counselors are equipped to facilitate referrals to appropriately qualified providers of treatment programs.

Disciplinary and Legal Sanctions

Students, regardless of age, determined to be in violation of College regulations pertaining to controlled substances, including alcohol, are subject to severe disciplinary penalties, including permanent suspension from the College. When such violations also constitute violations of public law, charges will be filed by the College for prosecution by the appropriate law enforcement agency. Convictions under public law are punishable by fines, imprisonment, or both.

Anabolic Steroids and Growth Hormones

Anabolic steroids and growth hormones are for medical use only. State law prohibits the possession, dispensing, delivery, or administering of an anabolic steroid or growth hormone in any manner not allowed by state law. State law provides that bodybuilding, muscle enhancement, or increasing muscle bulk or strength through the use of an anabolic steroid by a person who is in good health is not a valid medical purpose. Only a medical doctor may prescribe an anabolic steroid or human growth hormone for a person. A violation of state law concerning anabolic steroids or human growth hormones is a criminal offense punishable by confinement in jail or imprisonment in the Texas Department of Corrections.

This notice is provided in accordance with the provisions of H.B. 1507, 71st Legislature, State of Texas.

Student Rights and Responsibilities

San Jacinto College holds that the student, upon enrollment, neither loses the right nor escapes the duties of citizenship. The student-citizen must exercise liberty with responsibility.

Student Rights

Academic Evaluation
Students have the right to be apprised of the methodology by which they will be evaluated in their formal course work. Also, students shall have appeal rights to challenge improper academic evaluation.

Intellectual Property Rights
Students shall retain their intellectual property rights on projects produced as a result of their individual initiative with incidental use of College facilities and resources. If the student is working on a project initiated and funded by San Jacinto College, ownership resides with the College.

Freedom of Association
Students bring to the College a variety of interests. Students have the freedom to organize and join associations to promote their common interests in accordance with the policies and procedures of the College.

Freedom of Inquiry and Expression
Students and student organizations will be free to examine and discuss all questions of interest to them and to express opinions publicly and privately. They will be free to support causes by orderly means which do not disrupt the regular and normal operation of the institution, and which comply with the regulations that relate to student conduct. At the same time, it should be made clear to the educational community and public that in their public expressions or demonstrations, students or student organizations do not represent the institution and speak only for themselves.

Freedom from Illegal Discrimination
It is the policy of San Jacinto Community College District not to discriminate on the basis of race, creed, color, national origin, citizenship status, age, disability, pregnancy, religion, gender, sexual orientation, gender expression or identity, genetic information, marital status, or veteran status in accordance with applicable federal and state laws. The procedure for filing a complaint about discrimination is outlined in this handbook.

Student Responsibilities

In all aspects of student life, the student body collectively and individually has the responsibility of participation as citizens of the academic community in a mature fashion. Students must not confuse liberty with license. In voluntarily enrolling at the College, students have the responsibility to comply with all state and college regulations governing student conduct and academic affairs. Students assume responsibility for their behavior and acknowledge and share the following responsibilities:

- Students must recognize that the Board of Trustees is the policy making authority for the operation of the San Jacinto Community College District. The Board delegates to the College administration the authority to implement Board policy through procedures, regulations, guidelines, and handbooks.

- Students must understand that while education is a shared activity, the ultimate responsibility for learning rests with the students’ motivation and abilities.

- Students are responsible, collectively and individually, for allowing other students to continue their pursuit of education. Students must refrain from interfering with the rights of other students in their educational pursuits or with employees in the exercise of their duties.

- The right to disagree has been previously established. However, students must make sure that disagreement is factual and is presented with respect for those with whom they are disagreeing, including faculty, staff, administration, and students.

- When approaching the administration about any matter, students must go through established channels of communication and authority.

- Students must comply with the policies, rules, regulations, and generally accepted practices of the College until these practices may be changed by orderly procedure.

- Students also have the responsibility to comply with all state and federal regulations governing their participation in higher education. Such regulations and laws as may exist or that may be subsequently enacted and adopted shall have precedence over the provisions of this document of student rights.

Involvement in Decision Making
San Jacinto College provides an opportunity for student involvement in the decision making process through the respective forms of student government on the three campuses. As constituents of the educational community, students may express their views on issues
of institutional policy and on matters of general interest
to the student body.

In addition to membership in student associations and
organizations, students shall be given the opportunity to
serve on campus and College committees as deemed
appropriate by the College.

Retained Rights and
Responsibilities
The enumeration of the above rights and responsibilities
shall in no way be interpreted as being all-inclusive and
denyng the existence of other rights and responsibilities
which a student holds as a student or citizen.

Code of Student Conduct

1.0 Values

1.1 San Jacinto College (the College) is committed to
maintaining an excellent teaching and learning
community. As its central purpose, this community
promotes intellectual investigation through
vigorous discussion. Essential values that support
this purpose include civility, dignity, diversity,
education, equality, freedom, honesty, and safety.

1.2. The establishment and maintenance of a community
where there is freedom to teach and to learn is
dependent on maintaining an appropriate sense of
order that allows for the pursuit of these objectives
in an environment that is both safe and free of
detractive disruption. When students voluntarily
enroll in the college community, they accept the
duty and responsibility of abiding by the regulations
and accepted practices of the College. Each
member of the San Jacinto College community is
expected to exercise responsibility and to govern
his or her conduct with standards of good taste
and ethical judgment even when others disregard
those standards.

1.3 Within the College, entities (such as divisions,
departments and programs, professional and
student organizations) have developed guidelines
and regulations that outline standards of conduct
governing their constituents and sometimes
provide procedures for sanctioning violations of
those standards. This Code of Student Conduct
(the Code) does not replace those standards, nor
does it constrain the procedures or sanctions
provided by those policies. This Code describes
possible behaviors that are inconsistent with the
essential values of the College community; it
outlines procedures to respond to such behaviors;
and it suggests possible sanctions that are
intended to educate and to safeguard members of
the College community.

1.4 The College has an enduring commitment
to provide students with a balanced and fair
system of resolution. This Code will not deprive
students of the appropriate due process
protections to which they are entitled. This
Code is one of the College's administrative
procedures and should not be equated with
procedures used in civil or criminal court.

1.5 It is the policy of The San Jacinto College
District not to discriminate on the basis of race,
creed, color, national origin, citizenship status,
age, disability, pregnancy, religion, gender,
sexual orientation, gender expression or identity,
genetic information, marital status, or veteran
status in accordance with applicable federal and
state laws.

3.1.5 Physical contact with another when the actor knows or reasonably should know that the other person will regard the contact as offensive or provocative.

3.2 **Harassment and Stalking**

“Harassment” as used in this section refers to conduct that goes beyond the mere utterance of an opinion or viewpoint that others may find offensive. The effect of the conduct must be to deny or limit a student’s ability to participate in or benefit from the College’s activities, programs, and services. Sexual Harassment violations are addressed under the Sexual Harassment Policy in the Student Handbook. This section does not apply to harassment based on sex, race, ethnicity, color, sexual orientation, citizenship, age, pregnancy, marital status, veteran status, national origin, religion, or disability.

3.2.3 Action(s) or statements that threaten, harm, or intimidate another.

3.2.4 Stalking occurs when a person, on more than one occasion and pursuant to the same scheme or course of conduct that is directed specifically at another person, knowingly engages in conduct that causes another person to fear for his or her personal safety or security or the safety or security of a member of the other person’s household. The term includes physically following another person in person or in a vehicle.

3.3 **Disruption**

Conduct that impairs, interferes with, or obstructs the orderly educational processes and functions of the College, including teaching, studying, research, College administration, public-service functions, and extracurricular activities. The prohibition applies to acts that occur whether inside or outside the classroom setting.

A faculty member may temporarily suspend a student from his/her classroom for the remainder of the class whenever the student is disrupting the class to a point that there is no longer a meaningful learning environment. Additionally, in campus locations outside the classroom, faculty members and professional staff members are authorized to take appropriate remedial action upon observing a student engaging in conduct that violates this Code (e.g. requesting a student to cease disruptive behavior). The faculty member or staff member shall identify himself or herself to the student.

3.3.6 Engaging in conduct that violates the College’s policy on free expression. (See Freedom of Inquiry and Expression under Student Rights and Responsibilities in the Student Handbook).

3.4 Hazing
Prohibited acts for the purpose of initiation, admission into, affiliation with, or as a condition of continued membership in a group or organization or as part of any activity of a recognized student organization or student group includes any act that inflicts or intends to inflict physical or mental harm or discomfort or which may demean, disgrace, or degrade any person, regardless of location, intent, or consent of participant(s). Although hazing is related to a person’s initiation or admission into, or affiliation with, any student group or organization, a hazing charge may be upheld even without direct proof that a person’s initiation or continued membership is contingent upon participation in the activity. In addition to violating this code of conduct, hazing also is a violation of Texas law (Texas Education Code § 37.151 and 51.936). Hazing includes, but is not limited to:

a) Striking a student, abandoning a student in an unfamiliar location, blindfolding a student or tying a student’s hands, or planning hazing activities to be performed by others.

3.12.6 Use of computing facilities and resources to send obscene or defamatory messages.

3.12.7 Any violation of the College’s computer use guidelines as found in the College policy manual, Sect.II, 2.3.

3.12.8 Unauthorized accessing of College telephones to change a voice mail greeting.

3.12.9 Sending a email or text message using an email address or phone number belonging to another person with the intent to cause the recipient to reasonably believe that the other person sent or authorized the communication.

3.13 Failure to Comply
3.13.1 Failure or refusal to comply with an administrative summons or directive of a College official, including campus police officers, acting in the course of their employment.

3.13.2 Failure to present identification upon the request of a College official.

3.13.3 Conduct that is intended to hinder or obstruct enforcement of this code of conduct.

3.14 Other Violations
3.14.1 Violation of published college policies, rules, regulations including but not limited to, parking, smoking, solicitation, distribution of literature, sexual harassment, and campus posting rules, all of which can be found in the Student Handbook.

3.14.2 Violation of federal, state or local laws.

3.14.3 Aiding or abetting any violation of federal law, state law or local ordinance.

4.0 Disciplinary Procedures
4.1 Authority
Each campus appoints an administrator who is responsible for determining disciplinary sanctions to be imposed for violations of the Code of Student Conduct. The Dean of Student Development is the designated Student Conduct Administrator for each campus.
4.2 Complaints
Any member of the College community may file a complaint against a student alleging misconduct. Complaints must be received by the Dean of Student Development within two (2) working days of the alleged incident. In extenuating circumstances, the Dean of Student Development may waive the two-day limitation.

The Incident Report must state the following information:
1. The name, address, telephone number and signature of the person filing the report.
2. Identification of the student(s) against whom the report is being filed.
3. Facts alleged, including the name(s) of the accused and witnesses, date, location, and description of the alleged act(s) of misconduct in sufficient detail to enable the Dean of Student Development to make a determination as to whether further fact-finding is necessary or if sufficient evidence exists for a hearing on the charge(s).
4. When applicable, a reference to the specific Code of Student Conduct provision alleged to have been violated.

4.3 Complaint Investigation and Conference with the Accused Student
The Dean of Student Development or his or her designee will make an initial determination as to whether there is sufficient basis to determine that a violation of the Code of Student Conduct may have occurred. The Dean shall interview the complainant and may interview other witnesses as necessary or appropriate. The Dean will meet with the accused student, describe the allegations against the student, and provide the student an opportunity to respond. If the Dean or designee determines that reasonable grounds support the complaint, the Dean or designee shall inform the accused student of this determination, the proposed penalty, and the student's procedural rights.

If the Dean determines that there are insufficient grounds to establish that a violation of the code occurred, the complaint shall be dismissed. The Dean or designee shall inform the complainant and the accused student in writing if the complaint is dismissed.

In any case where the accused student does not dispute the facts upon which the charges are based, the student may sign an acknowledgement and a written waiver of the hearing procedures. The Dean or designee will impose an appropriate sanction or sanctions given the nature of the charge, the evidence, and the student’s disciplinary history, if any. Although the student will waive the right to contest the charges, the student may appeal the sanction under Section 4.9 of this procedure. The Dean or designee shall notify the student in writing of the right to appeal the sanction.

4.4 Emergency Suspension
In circumstances in which the conduct of a student constitutes an imminent threat or danger to the welfare or safety of the College Community, or danger to College property, any College administrative official may institute an emergency suspension.

(See Emergency Suspension, Section 5.0VP)

4.5 Disciplinary Sanctions
Sanctions are designed to promote the College’s educational mission. Sanctions also promote safety and may deter students from behavior that harms, harasses, or threatens people or property. Disciplinary sanctions will be based upon the seriousness of the offense, the student’s attitude, the impact of the misconduct on the College environment, the student’s overall record at the College (including prior discipline, if any), and statutory or other legal requirements, if any. Possible disciplinary sanctions include, but are not limited to:

1. Written warning: A formal notice that the Code has been violated and that future violations will be dealt with more severely.
2. Disciplinary probation: A sanction that indicates that the individual’s standing with the College is in jeopardy and that further violations may result in suspension or expulsion.
3. Restitution: A sanction that requires the student to compensate an injured party for loss, damage or injury in the form of money, service, or material replacement.
4. Community service: Performance of a specified number of hours or tasks designed to benefit the College community and/or to help the student understand why his or her behavior was inappropriate.
5. Class or workshop attendance: Enrollment and completion of a class or workshop designed to help the student understand why his or her behavior was inappropriate.
6. Educational project: Completion of a project specifically designed to help the student understand why her or his behavior was inappropriate.
7. Suspension of privileges: Loss of privileges, such as loss of library privileges, computer privileges, parking privileges, or the privilege to attend athletic or other extracurricular events.
8. Removal from courses or activities: Removal from specific courses or activities, including revocation of eligibility to represent the College in athletic or other extracurricular activities.
9. Counseling: mandatory counseling sessions or support group attendance.
10. **Failing grade**: a failing grade may be given for a test, assignment, or course.

11. **Restrictions on access**: Restriction from entering specific College areas and/or all forms of contact with certain persons.

12. **Suspension**: Separation from the College for a specified period of time or until certain conditions are met.

13. **Expulsion**: Permanent separation from the College whereby the student is not eligible for readmission.

14. **Revocation of degree**: revocation of degree and withdrawal of diploma.

These sanctions do not diminish or replace the penalties available under generally applicable civil or criminal laws. Students are reminded that many violations of the code, including harassment and other discriminatory behavior, also may violate local, state and federal laws and may be subject the student to additional penalties.

### 4.6 Student Conduct Appellate Board

Students who have been proposed for expulsion, suspension in excess of 10 school days, revocation of a degree, or removal from campus pursuant to Sections 21.231-21.243 of the Texas Education Code may request a hearing on the proposed decision before a campus Student Conduct Appellate Board. Members of the Board shall be appointed by the campus provost. The Board shall consist of three full-time faculty members and/or professional staff members appointed by the campus provost. One Board member shall serve as the chairperson. Board members shall be impartial. Employees who were witnesses to the incident under review or who were involved in the investigation or evaluation of the charges under review shall be ineligible to serve as Board members.

### 4.7 Hearings

When the Dean or designee has determined that there are sufficient grounds to conclude that a student has violated this code and the student disputes the charges, disciplinary proceedings may be initiated. The procedures available to the student will depend on the disciplinary consequences being proposed. Procedure A applies to expulsions, suspensions longer than 10 school days, revocation of degree, withdrawal of diploma, and removal from campus pursuant to Sections 21.231-21.243 of the Texas Education Code. Procedure B applies to all other disciplinary matters.

### 4.8 Hearing Procedure A

#### 4.8.1 Notification of Charges and Hearing Rights

1. All charges shall be presented to the accused student in writing by hand delivery or certified mail, return receipt requested, to the address of the student as it appears in the Registrar’s records. The notice letter shall contain (i) a statement of the specific charges and a general description of the evidence in support of the charges; (ii) the provisions of the Code of Student Conduct that allegedly were violated; (iii) the proposed penalty; (iv) a copy of this procedure; and (v) contact information for the Dean or designee. When the notice letter is sent via certified mail, a duplicate also shall be sent to the student via regular first-class mail or via email to the email address for the student on file with the Registrar. A first-class letter will be deemed to have been received on the third day after the date of mailing, excluding any intervening Sunday or federal holiday. An email will be deemed to have been received on the second day after the sending of the message.

2. The student shall have four business days in which to request a hearing after receipt of the notice. The request must be made in writing and may be sent via hand delivery, U.S. mail, facsimile, or electronic mail. If the student does not timely request a hearing, the discipline may be imposed without further hearing. A student’s failure to update his or her postal and email addresses with the Registrar’s office, refusal to accept delivery of a letter, or refusal or failure to open email will not constitute good cause for failure to comply with a notice.

3. If the student requests a hearing, then the hearing ordinarily shall be held within 12 business days of the Dean or designee’s receipt of the request for hearing. Upon receipt of the student’s request for hearing, the Dean or designee shall promptly notify the student in writing of the date, time, and place of the hearing. The notice of hearing may be sent to the student by electronic mail, U.S. mail, or hand delivery. The notice letter shall identify the hearing panel members and shall summarize the procedural rights afforded to the student by this code. The letter shall provide a postal address and email address for the chairperson of the Appellate Board. The letter shall provide (i) the names of the Administration’s witnesses and a brief summary of their knowledge and (ii) a description of the documents or other evidence that the Administration intends to present at the hearing.

4. Upon a showing of good cause, or upon the mutual agreement of the parties, the hearing may be rescheduled.

5. At least four business days prior to the hearing, the Dean or designee will make available to the student copies of the documents that the Dean or designee intends to introduce at the hearing. This deadline does not apply to rebuttal evidence. This deadline may be modified for good cause.
(6) At least three business days prior to the hearing, the student shall provide the Dean or designee (i) the names of the student’s witnesses and a brief summary of their knowledge and (ii) copies of documents that the student intends to present at the hearing. This deadline may be modified for good cause.

(7) At least three business days prior to the hearing, the student shall submit in writing to the Dean and designee and to the chair of the Student Conduct Appellate Board (1) any objection that, if sustained, would warrant a postponement of the hearing and (2) the name of the advisor or attorney, if any, who will appear with the student. The student’s advisor or legal counsel may attend the hearing and confer with the student but may not participate or cross-examine witnesses. Likewise, the College retains the right to have legal counsel present at any hearing, but the attorney shall not participate or cross-examine witnesses.

(8) In the event that a student is a qualified person with a disability under federal law and is unable to represent himself or herself at the hearing because of his or her disability, the College, as a reasonable accommodation to the student, will permit the student to be represented by counsel at the hearing. If the student is represented by counsel, then the College also may be represented by counsel.

(9) If the student is proposed for discipline under Section 21.231-21.243 of the Texas Education Code (pertaining to the exclusion of students from campus to maintain order during periods of campus disruption), the student is entitled to be represented by counsel as provided in Section 21.243 of the Texas Education Code. If the student is represented by counsel, then the College also may be represented by counsel.

(10) The student may choose at any time to withdraw a request for a hearing on the charges by signing an acknowledgement form and a written waiver of the hearing procedures. The Dean or designee will impose an appropriate sanction or sanctions given the nature of the charge, the evidence, and the student’s disciplinary history, if any. Although the student will waive the right to contest the charges, the student may appeal the sanction under Section 4.9 of this procedure. The Dean or designee shall notify the student in writing of the right to appeal the sanction.

4.8.2 Conducting the Hearing

(1) The Student Conduct Appellate Board shall hear the evidence. The Chairperson of the Appellate Board shall preside over the hearing and shall be responsible for preserving order and decorum.

(2) Hearings before the Appellate Board shall be closed to the public. The Board will make a record of the hearing either by tape recording or by a court reporter. No cameras or photographic equipment of any kind, nor any equipment designed or used to record or transmit sound, shall be permitted in the hearing room or in the hallways adjacent to the hearing room while the hearing is in progress or during any recess. This prohibition does not apply to any equipment under the direction of the Appellate Board to make the official recording of the hearing.

(3) If the student fails without good cause (as determined by the Appellate Board) to appear at the scheduled hearing after receiving proper notice, the Dean or designee may proceed with the hearing in the student’s absence, and the student forfeits any right to appeal. At the conclusion of the hearing, the Administration shall provide written notice to the student of the action taken.

(4) The hearing will be conducted as an administrative hearing. Courtroom rules of evidence and judicial rules of civil procedure will not apply. Evidence, however, must be relevant to the proceeding. Objections shall be directed to the Chairperson. The Chairperson may limit cumulative, repetitious, or irrelevant testimony or documentary evidence and may impose reasonable time limits on the presentation of evidence by the parties. The Chairperson may impose reasonable restrictions to prevent the harassment or badgering of witnesses. Finally, although the legal rules of evidence do not apply, the Chairperson will give effect to legally recognized privileges, such as the attorney-client privilege.

(5) Each side will have an opportunity to make an opening statement, present witnesses, cross-examine the witnesses presented by the other side, present documentary or other tangible evidence, and make a closing statement. Witnesses shall be sworn in by the court reporter or other person authorized by law to administer oaths. Opening statements ordinarily shall be limited to five minutes per side.
(6) The Administration has the burden of proving the charges by the greater weight of the credible evidence. The Appellate Board shall determine which evidence or testimony, if any, is probative and credible. The Appellate Board shall determine what weight, if any, to give to particular evidence or testimony.

(7) The Administration will present its witnesses and documentation first, followed by the presentation by the student. The Administration will be permitted to present rebuttal evidence after the student completes the presentation of his or her case.

(8) After each witness has been examined by both parties, members of the Board may question the witness. No Board member, however, is subject to questioning by either party or any witness.

(9) Each party may present a closing argument. The Administration may reserve time for rebuttal. Neither party may present new evidence during closing arguments. The Chairperson shall determine the number of minutes that the parties will be given for closing argument, taking into consideration the complexity of the case.

(10) Before opening statements, all witnesses shall be excluded from the hearing room, with the exception of the student and the member of the Administration presenting on behalf of the Administration. Under this rule, no witness may be present to hear or read the testimony of another witness, and witnesses may not converse with each other or any other person about the case outside the hearing room while the hearing is in progress. Each party is responsible for providing a copy of this rule to that party’s witnesses. This rule does not preclude a witness from conferring with a party’s legal counsel or representative. The Chairperson shall have the authority to impose appropriate sanctions and restrictions for a violation of these instructions, including prohibiting the witness from testifying at the hearing. The prohibitions in this section will remain in effect until closing statements are concluded.

(11) The Conduct Appellate Board shall deliberate in private. The Board shall issue written findings within 15 business days of the close of the hearing. The Board’s decision shall state whether the accused student has violated this Code and will set forth findings of fact in support of its conclusion. The decision of the Conduct Appellate Board will be communicated in writing to the student and the Dean of Student Development. The decision of the Conduct Appellate Board shall be based on a simple majority vote of the members of the Board.

4.9 Hearing Procedure B

When the proposed discipline does not involve expulsion, suspension in excess of 10 school days, revocation of a degree, or removal from campus pursuant to Sections 21.231-21.243 of the Texas Education Code, the student may request a hearing on the proposed decision before an Impartial Hearing Officer. The hearing officer may be a member of the Student Conduct Appellate Board or other full-time faculty member or administrator appointed by the Vice President of Student Services. The Hearing Officer shall be impartial. Employees who were witnesses to the incident under review or who were involved in the investigation or evaluation of the charges under review shall be ineligible to serve as the Hearing Officer.

4.9.1 Notification of Charges and Hearing Rights

(1) All charges shall be presented to the accused student in writing by hand delivery or certified mail, return receipt requested, to the address of the student as it appears in the Registrar’s records. The notice letter shall contain (i) a statement of the specific charges and a general description of the evidence in support of the charges; (ii) the provisions of the Code of Student Conduct that allegedly were violated; (iii) the proposed penalty; (iv) a copy of this procedure; and (v) contact information for the Dean or designee. When the notice letter is sent via certified mail, a duplicate also shall be sent to the student via regular first-class mail or via email to the email address for the student on file with the Registrar. A first-class letter will be deemed to have been received on the third day after the date of mailing, excluding any intervening Sunday or federal holiday. An email will be deemed to have been received on the second day after the sending of the message.

(2) The student shall have four business days in which to request a hearing after receipt of the notice. The request must be made in writing and may be sent via hand delivery, U.S. mail, facsimile, or electronic mail. If the student does not timely request a hearing, the discipline may be imposed without further hearing. A student’s failure to update his or her postal and email addresses with the Registrar’s office, refusal to accept delivery of a letter, or refusal or failure to open email will not constitute good cause for failure to comply with a notice.

(3) If the student requests a hearing, then the hearing ordinarily shall be held within 12 business days of the Dean or designee’s receipt of the request for hearing. Upon receipt of the student’s request for hearing, the Dean or designee shall promptly notify the student.
in writing of the date, time, and place of the hearing. The notice of hearing may be sent to the student by electronic mail, U.S. mail, or hand delivery. The notice letter shall identify the hearing panel members and shall summarize the procedural rights afforded to the student by this code. The letter shall provide a postal address and email address for the chairperson of the Appellate Board. The letter shall provide (i) the names of the Administration’s witnesses and a brief summary of their knowledge and (ii) a description of the documents or other evidence that the Administration intends to present at the hearing.

(4) Upon a showing of good cause, or upon the mutual agreement of the parties, the hearing may be rescheduled.

(5) At least four business days prior to the hearing, the Dean or designee will make available to the student copies of the documents that the Dean or designee intends to introduce at the hearing. This deadline does not apply to rebuttal evidence. This deadline may be modified for good cause.

(6) At least three business days prior to the hearing, the student shall provide the Dean or designee (i) the names of the student’s witnesses and a brief summary of their knowledge and (ii) copies of documents that the student intends to present at the hearing. This deadline may be modified for good cause.

(7) At least three business days prior to the hearing, the student shall submit in writing to the Dean and designee and to the chair of the Student Conduct Appellate Board (1) any objection that, if sustained, would warrant a postponement of the hearing and (2) the name of the advisor or attorney, if any, who will appear with the student. The student’s advisor or legal counsel may attend the hearing and confer with the student but may not participate or cross-examine witnesses. Likewise, the College retains the right to have legal counsel present at any hearing, but the attorney shall not participate or cross-examine witnesses.

(8) In the event that a student is a qualified person with a disability under federal law and is unable to represent himself or herself at the hearing because of his or her disability, the College, as a reasonable accommodation to the student, will permit the student to be represented by counsel at the hearing. If the student is represented by counsel, then the College also may be represented by counsel.

(9) If the student is proposed for discipline under Section 21.231–21.243 of the Texas Education Code (pertaining to the exclusion of students from campus to maintain order during periods of campus disruption), the student is entitled to be represented by counsel as provided in Section 21.243 of the Texas Education Code. If the student is represented by counsel, then the College also may be represented by counsel.

(10) The student may choose at any time to withdraw a request for a hearing on the charges by signing an acknowledgement form and a written waiver of the hearing procedures. The Dean or designee will impose an appropriate sanction or sanctions given the nature of the charge, the evidence, and the student’s disciplinary history, if any. Although the student will waive the right to contest the charges, the student may appeal the sanction under Section 4.9 of this procedure. The Dean or designee shall notify the student in writing of the right to appeal the sanction.

4.9.2 Conducting the Hearing

(1) An Impartial Hearing Officer shall hear the evidence. The Impartial Hearing Officer shall preside over the hearing and shall be responsible for preserving order and decorum.

(2) Hearings before the Hearing Officer shall be closed to the public. The Hearing Officer will make a record of the hearing either by tape recording or by a court reporter. No cameras or photographic equipment of any kind, nor any equipment designed or used to record or transmit sound, shall be permitted in the hearing room or in the hallways adjacent to the hearing room while the hearing is in progress or during any recess. This prohibition does not apply to any equipment under the direction of The Hearing Officer to make the official recording of the hearing.

(3) If the student fails without good cause (as determined by the Hearing Officer) to appear at the scheduled hearing after receiving proper notice, the Dean or designee may proceed with the hearing in the student’s absence, and the student forfeits any right to appeal. At the conclusion of the hearing, the Administration shall provide written notice to the student of the action taken.

(4) The hearing will be conducted as an administrative hearing. Courtroom rules of evidence and judicial rules of civil procedure will not apply. Evidence, however, must be relevant to the proceeding. Objections shall be directed to The Hearing
Student Rights and Responsibilities

Officer. The Hearing Officer may limit cumulative, repetitious, or irrelevant testimony or documentary evidence and may impose reasonable time limits on the presentation of evidence by the parties. The Hearing Officer may impose reasonable restrictions to prevent the harassment or badgering of witnesses. Finally, although the legal rules of evidence do not apply, the Hearing Officer will give effect to legally recognized privileges, such as the attorney-client privilege.

(5) Each side will have an opportunity to make an opening statement, present witnesses, present documentary or other tangible evidence, and make a closing statement. Witnesses shall be sworn in by the court reporter or other person authorized by law to administer oaths. Opening statements ordinarily shall be limited to five minutes per side.

(6) The Administration has the burden of proving the charges by the greater weight of the credible evidence. The Hearing Officer shall determine which evidence or testimony, if any, is probative and credible. The Hearing Officer shall determine what weight, if any, to give to particular evidence or testimony.

(7) The Administration will present its witnesses and documentation first, followed by the presentation by the student. The Administration will be permitted to present rebuttal evidence after the student completes the presentation of his or her case.

(8) The Hearing Officer may question any witness or party. The Hearing Officer, however, is not subject to questioning by either party or any witness.

(9) Each party may present a closing argument. The Administration may reserve time for rebuttal. Neither party may present new evidence during closing arguments. The Hearing Officer shall determine the number of minutes that the parties will be given for closing argument, taking into consideration the complexity of the case.

(10) Before opening statements, all witnesses shall be excluded from the hearing room, with the exception of the student and the member of the Administration presenting on behalf of the Administration. Under this rule, no witness may be present to hear or read the testimony of another witness, and witnesses may not converse with each other or any other person about the case outside the hearing room while the hearing is in progress. Each party is responsible for providing a copy of this rule to that party’s witnesses. This rule does not preclude a witness from conferring with a party’s legal counsel or representative. The Hearing Officer shall have the authority to impose appropriate sanctions and restrictions for a violation of these instructions, including prohibiting the witness from testifying at the hearing. The prohibitions in this section will remain in effect until closing statements are concluded.

(11) The Hearing Officer shall issue written findings within 5 business days of the close of the hearing. The Hearing Officer’s decision shall state whether the accused student has violated this Code and will set forth findings of fact in support of its conclusion. The decision of the Hearing Officer will be communicated in writing to the student and the Dean of Student Development.

5.0 Appeals

A student may appeal any ruling issued pursuant to Procedure A or Procedure B. The student shall complete an Appeals Hearing Request Form, which is available in the Office of the Dean of Student Development. The completed form must be submitted to the Vice President of Student Services and the Office of the Dean of Student Development within seven business days of notification of an adverse disciplinary decision from the Conduct Appellate Board or the Hearing Officer. The written appeal must state the specific grounds in support of the appeal and must provide argument in support of reversal or modification of the decision. No new evidence or information may be submitted. The student must provide a copy of the appeal to the Dean or designee. The Dean or designee may submit a written response within seven business days of receipt of the appeal. The Dean or designee must provide a copy of the written response to the student.

The Vice President of Student Services shall determine whether oral argument is needed. If the Vice President determines that oral argument is needed, then the Vice President shall notify the student and the Dean or designee of the time, date, and location of the argument. The appeal shall be based on the hearing record developed at the first level. The Vice President of Student Services shall communicate his or her decision within 15 business days of the student’s request for the appeal. If the Vice President of Student Services is unavailable for any reason to hear the appeal, the Provost shall designate an impartial administrator to hear the appeal. A timely appeal to the Vice Presidents suspends the imposition of the sanction but other interim action may be taken as authorized by this Code.

The Vice President of Student Services or designee may reject, accept, or modify the sanctions imposed. The decision of the Vice President from an appeal based on
Procedure B is final and non-appealable. The decision of the Vice President or designee from an appeal based on Procedure A may be appealed to the Provost. The student must file the appeal within seven business days of receipt of the Vice President’s decision. The written appeal must state the specific grounds in support of the appeal and must provide argument in support of reversal or modification of the Vice President’s decision. No new evidence or information may be submitted. The student must provide a copy of the appeal to the Dean or designee. The Dean or designee may submit a written response within seven business days of receipt of the appeal. The Dean or designee must provide a copy of the written response to the student. No oral argument will be provided. The Provost shall communicate his or her decision in writing within 20 business days of the provost’s receipt of the appeal.

6.0 Emergency Suspension

Pending a hearing or other disposition of charges against a student, the Provost, Vice President of Student Services, Dean of Student Development, or their designees may take such immediate interim disciplinary action as is appropriate to the circumstances, including suspending the right of the student to be present on campus and to attend classes or activities, when the continuing presence of the student poses a potential danger to persons or property or poses a potential threat of disrupting the academic process or any activity authorized by the college. The Administration shall promptly send written notice to the student via hand delivery or certified mail, return receipt requested. If notice is sent by certified mail, a duplicate notice shall be sent to the student via email or first-class U.S. mail.

In determining whether an emergency suspension is warranted, the Administration shall consider the reliability of the evidence or report of wrongdoing and whether the continued presence of the student on campus reasonably poses a threat to the physical or emotional well-being of any individual, including the student, or for reasons relating to the safety and welfare of any College property, or any College function. A student who is suspended on an emergency basis is entitled to a hearing at his or her request under Section 4.8, Procedure A. The hearing shall be held as soon as practicable, generally within 10 business days of the Administration’s receipt of the student’s request.

Appealing a Grade

Grade determination and awarding of a final grade in a course is clearly the responsibility of the instructor. Final grade reports should be available to the student within a reasonable time following the end of the course.

When a student becomes aware of a final grade that is believed to be incorrect, the student may appeal the final grade received in the course. The student shall initiate the appeal process as soon as possible following the receipt of the grade. The appeal process shall be filed no later than 30 days after the end of that semester, and must be resolved within 120 days following the initiation of the appeal.

Students may not use this procedure to challenge the substance or content of an exam, test item, or assignment. At no step in the process are the instructor’s questions or individual test items to be scrutinized. Only course syllabus (e.g., Grading system), and letter or numerical grades as recorded in the instructor’s grade book will be examined.

The procedures for appealing a grade shall be as follows:

1. Student Meeting with Instructor

The student and instructor shall discuss in private consultation the grade that the student believes is incorrect. At this meeting, only the grades on tests, projects, reports, etc., and the grading system listed in the syllabus will be discussed and recalculated as necessary. Whenever possible, the matter should be resolved at this meeting. If the instructor cannot resolve the problem immediately, the student will be notified of the availability of a copy of the grade appeal procedures in the office of the appropriate dean. If, upon receipt of the instructor’s written decision, the student is dissatisfied with the decision, the student may request a meeting with the department chair to appeal the decision of the instructor. (NOTE: In the event there is no department chair, the student may request a meeting with the dean who will conduct the meeting in accordance with steps No. 1 and No. 2 of this procedure.) The student must make the appeal within five (5) working days after notification by the instructor.

2. Student Meeting with Department Chair/Program Director

The department chair must arrange a meeting no more than five (5) working days after receiving a request from the student. This meeting will include the student, the instructor, and the department chair. Providing sufficient evidence of discrepancies or errors in the grade will be the responsibility of the student. If insufficient evidence is offered, the appeal is denied. The student will be given an opportunity to present his/her case. The instructor will be given a chance for rebuttal.

On hearing the evidence from both sides, the department chair will take one of the following actions:

A. If, in the opinion of the department chair, the student failed to provide sufficient evidence of discrepancies or errors in the grades, the student will be notified in writing that the appeal is denied. The department chair will inform the student of the right to appeal the decision and about the procedures for appeal. At the
same time, the department chair will notify the instructor in writing of this decision. The notification must be given within five (5) working days of the hearing.

B. If, in the opinion of the department chair, the student did provide sufficient evidence of discrepancies or errors in the grades, the instructor will be notified within five (5) working days of the meeting. At the same time, the department chair will notify the student in writing of this decision.

The instructor will, in turn, inform the department chair in writing within five (5) working days whether he/she will change the grade. If the instructor changes the grade, the instructor notifies the student in writing, and the matter is closed.

If the instructor chooses not to change the grade, the department chair will be notified of the decision in writing within five (5) working days after having received the recommendation from the department chair. Within five (5) working days after being informed of the instructor’s decision to deny the grade change, the department chair will notify the student that the appeal is denied and inform the student of further rights to appeal and the procedure for doing so.

All time limits stated are in working days. All time limits may be extended by mutual consent.

3. Student Meeting with Dean

Within five (5) working days after receiving notification from the department chair that the appeal has been denied, a student may request a meeting with the dean who will take either action A or action B as described in step No. 2 above. (NOTE: In the event there is no dean or in the event that the dean conducted the initial meeting, the student will proceed to step 4.)

4. Student Meeting with Academic Appeals Committee

Within five (5) working days after receiving notification from the dean that the appeal has been denied, a student may present written evidence relevant to the grade appeal and may be advised at the hearing by one or more persons of his/her own choice. The student may have a maximum of two (2) persons in the room at a time. The Academic Appeals Committee may request information from the instructor and/or persons familiar with the case.

Within five (5) working days after this hearing, the Academic Appeals Committee will notify the student, the instructor, and the provost in writing of its findings:

A. A grade change is justified and will be made; or
B. A grade change is not justified and will not be made.

If the decision of the Academic Appeals Committee is to change the grade, the provost will have five (5) working days to make the grade change. The decision of the Academic Appeals Committee will be final.

The same appeal process will be followed when the instructor is not accessible or no longer employed by San Jacinto College by excluding the step involving the instructor.

Administrative Summons

A number of College administrative offices have a need to meet with students at various times in conjunction with College matters. When a student receives appropriate notice, the student is expected to report to the designated office at the time and date or within the time frame stated in the notice. www.sanjac.edu/important-dates

Administrative Directives

Students are expected to comply with legal directives of College officials acting in the performance of their duties.

Assembly/Gatherings

In accordance with the College’s philosophy pertaining to freedom of inquiry and expression, the following guidelines are to be followed:

• Students wishing to organize a group gathering on campus are required to complete an official request to do so. Contact the student life coordinators for further information, procedures, and forms.
• The institution reserves the right to determine the location and time duration of student demonstrations, gatherings, and assemblies, in order to ensure that the educational process is not disrupted.
• Individuals and groups assembling under these provisions are required to comply with all local, state, and federal laws and statutes.
• The use of amplified equipment (bullhorns, public address systems, etc.) is prohibited.
Campus Posting Regulations:

Unless the context specifies a different meaning:

- “Sign” is defined as any printed material included but not limited to decals, photographs, posters, placards, index cards, notebook paper, handbills, brochures, announcements, and advertisements. A “properly posted” sign is one which has been displayed in accordance with posting regulations.
- “Banner” is defined as any sign larger than 22” x 28”.
- “Posting” is defined as any means for publicly displaying a sign other than carrying it by hand.
- “Authorizing Official” means the campus dean of student development, the coordinator of student life, the director of campus services, or their delegate.

Approval Required:

- All signs must be approved and stamped with an expiration date by the Authorizing Official prior to posting. Posting period may not normally exceed 14 days. Persons or organizations who post are responsible for removal of the signs within 24 hours after the expiration date.
- Only currently enrolled students, registered student organizations, College employees, recognized employee organizations, College departments, contracted vendors, nonprofit organizations, and government agencies may post a sign on College property. Only authorized College departments and registered student organizations may post a banner.
- Improperly posted signs will be removed and discarded without notice. Persons or organizations responsible for improperly posted signs are subject to disciplinary action.

General purpose bulletin boards are under the jurisdiction of the campus dean of student development. Special purpose bulletin boards are under the jurisdiction of the College department or student organization that maintains the bulletin boards. No sign may be posted on a special purpose bulletin board without the permission of the department or organization that maintains it.

These posting regulations shall not be construed to prohibit occupants of private offices or College departments or contracted vendors from posting signs necessary to facilitate college conducted/sponsored operations or to prohibit display of bonafide works of art or decorations consistent with other College policies and regulations.

Size/Location Restrictions:

- Signs must be posted on bulletin boards or on display stands approved by the authorizing official. Only thumbtacks or pushpins may be used to attach signs to bulletin boards. Display stands may not be placed in any location not approved in advance by the authorizing official. Postings on glass and wall surfaces are not allowed.
- Signs must be no larger than 22” x 28” and no smaller than 3” x 5” unless otherwise approved by the Authorizing Official. Signs containing personal or commercial solicitations (buy-sale-trade) may not be larger than 5.5” x 8.5”. Signs containing personal and commercial solicitations must be located only on bulletin boards specifically designated for “buy-sale-trade” postings.
- Signs must not be posted so as to overlap or conceal other properly posted signs. Properly posted signs may not be removed without permission from the Authorizing Official or the person or organization authorized to post the sign.
- There will be a maximum of one sign per announcement/event/topic per bulletin board.
- The posting of banners is generally restricted to the interior and exterior of the student center building. The authorizing official must approve the precise location and method of attachment in advance. No sign may be posted on the grounds or exterior of any building or structure.

Content Restrictions:

- All signs must be in the English language or contain English translation of non-English language passages. All signs must include the name of the responsible organization or individual posting it.
- No sign may be posted that contains material that is obscene, vulgar, or libelous; that promotes academic dishonesty; that is intended or likely to produce or incite imminent lawless action; that materially interfere with the mission of the College; that endanger the safety of others; or that is in violation of public laws or ordinances.

Delinquent Accounts

Currently enrolled students who are delinquent in repaying a loan, are responsible for a returned check, or have failed to pay appropriately and on time any other debts to San Jacinto College (not including library and traffic fines) will receive warning notices informing them that they must pay their debts by a certain date or be withdrawn from all classes. If they do not pay by the designated date, the College may withdraw them from all classes, and they may not be reinstated during that term.
Students must pay all debts—including tuition, fees, fines, returned check penalties, College generated loans and restitution for loss of or damage to College property—before they may re-enroll, receive a diploma, or have a request for an official transcript honored.

In the event of failure to pay the Installment Payment Plan (IPP) or Financial Aid Short Term Loan (FASTL) at its maturity, and if the same is placed in the hands of an attorney or collections agency, the student shall be responsible for all expenses and expenditures, including cost of attorney and/or collection services incurred, protecting the College's interest, rights, and remedies on the IPPs or FASTL or returned checks.

The College charges a late fee of $25 for late payment of any IPP’s or FASTL’s. The College assesses a $30 processing fee for each stopped-payment or returned check. Returned checks include electronically converted checks that have been rejected by the College bank. An individual who has had a check returned must then pay the College by cash, cashier’s check, money order, or credit card.

A student who is in default on a government student loan for attendance at San Jacinto College may not receive an official academic transcript or diploma unless the student has made six consecutive voluntary monthly payments on the defaulted loan.

**Credit Card Account Verification-Authorization**

An individual who uses a credit card to pay tuition or fees authorizes the College to communicate with the credit card issuer and/or financial institution for the limited purpose of verifying information related to use of the credit card at the College, such as verification of account number, verification of a transaction, or verification of a student’s signature.

San Jacinto College will not be responsible for multiple holds being placed on your credit card or debit card by your bank or the card issuer.

**Gainful Enterprise and Solicitation**

No person is permitted to engage in gainful enterprise or solicitation on the campus without permission of the dean of student development.

Persons wishing to solicit funds, sell printed matter, products, services or other items, or distribute commercial literature of any kind, post or distribute advertising material dealing with commercial items or services, must secure approval in advance from the dean of student development. Activities related to the sales of goods and/or services must be confined to areas designated by the dean of student development.

The College, a recognized student organization or College-related organization, must sponsor all of the activities. In addition, the individuals engaged in such posting, selling, or soliciting must be currently enrolled San Jacinto College students or employees of the College, or duly approved agents authorized to distribute material(s) or solicit sales on behalf of the College or a recognized College organization.

Newspapers may be sold or distributed only in racks provided by the publisher in outside locations designated by the dean of student development.

**Grievance Procedures for Discrimination, Harassment Complaints, and Sexual Violence Complaints:**

It is the policy of San Jacinto College to provide an educational, employment, and business environment free of discrimination based on race, creed, color, national origin, citizenship status, age, disability, pregnancy, religion, gender, sexual orientation, gender expression or identity, genetic information, marital status, or veteran status. Trustees, administrators, faculty, staff, and other agents of the College will not engage in conduct constituting unlawful harassment or discrimination.

The College will promptly investigate all allegations of harassment and discrimination and take appropriate disciplinary action against individuals who engage in prohibited conduct. Disciplinary action may include dismissal of employees, expulsion of students, and removal of visitors. The policy against discrimination applies to all programs and activities, including:

- Admission to programs of study
- Access to enrollment in courses
- Career placement services
- Counseling and guidance materials, tests, and practices
- Technical education
- Physical education
- Competitive athletics
- Graduation requirements
- Student rules, regulations, and benefits
- Treatment as a married and/or pregnant student
- Housing
- Financial assistance
- Health services
• School-sponsored extracurricular activities
• Other aid, benefits, or services

These rules apply to harassment or discrimination that occurs on campus or off campus at college-sponsored activities.

What is Discrimination?
Discrimination is the act of treating similarly situated persons differently based on a protected characteristic (e.g., denying admission to a program, holding a student to a different performance standard).

What is Harassment?
A. Definition: Prohibited harassment includes, but is not limited to, verbal and/or physical conduct based on a protected characteristic that is severe or pervasive and:
   1. Creates an intimidating or offensive learning environment;
   2. Unreasonably interferes with an individual’s work or academic performance; or
   3. Otherwise adversely affects an individual’s academic or employment opportunities.

B. Examples
   1. Subjecting a student to demeaning jokes or slurs because of the person’s protected status;
   2. Displaying offensive and/or demeaning graphics, cartoon, pictures, photographs, or objects that are unrelated to one’s course of study;
   3. Engaging in physical assault and physical acts of aggression or damage to another’s property when motivated by the individual’s protected status.

What is Sexual Harassment?
A. Definition: Sexual harassment includes, but is not limited to, unwelcome sexual advances, unwelcome requests for sexual favors, unwelcome verbal comments of a sexual nature, and unwelcome physical contact or touching of a sexual nature. Sexual harassment is wrongful regardless of whether the parties are of the same sex or of the opposite sex.

Sexual harassment occurs when:
   1. Submission to such conduct is explicitly or implicitly made a term or condition of employment, instruction, or participation in other college activities;
   2. Submission to or rejection of such conduct is used as a basis for personnel or academic decisions that affect the individual who has been subjected to sexual advances; and/or
   3. Such conduct has the effect of interfering with the individual’s work on academic performance or creating an intimidating, hostile, or offensive work or learning environment.

In determining whether a hostile environment exists on campus, the College may consider incidents of harassment that occurred off campus.

B. Examples
   1. Requests for sexual favors accompanied by implied or overt promises of preferential treatment;
   2. Requests for sexual favors accompanied by implied or overt threats of adverse consequences if the recipient does not comply;
   3. Unwanted flirtation or repeated requests for social/sexual encounters or favors the recipient deems unwelcome;
   4. Sexually offensive comments and gestures;
   5. Suggestive or unwelcome physical contact, such as grabbing, touching, or patting;
   6. Acts of sexual violence, including sexual assault, sexual coercion, and rape.

How to Report a Complaint
Students may use this procedure to file a complaint against another a student, a College employee, College contractors, or third parties who are visiting the College or participating in a College activity.

A student may, at any time, personally confront the individual whose conduct is offensive, unwelcome, or intimidating and request that such conduct stop. However, if this action is not feasible or unsuccessful, or if a student feels uncomfortable taking this approach, the student may seek an informal or formal resolution at any time.

Informal Resolution
A student may seek informal resolution by contacting the vice president of student services, appropriate dean, or the vice chancellor of human resources or their designee who shall undertake, with permission of the student, to resolve the conflict or dispute informally. Informal resolution may include, for example, coaching the student on methods for directly addressing an offensive situation; mediating a understanding
between the student and individual who is engaging in the offensive conduct; or providing assistance to a department or division. Informal resolution also may include a meeting between a College administrator and the accused to reinforce the requirements of the College’s policy against harassment and discrimination. Informal resolution is not a precondition to filing a formal complaint. Additionally, if informal resolution is undesirable or ineffective, then the student may initiate a formal complaint at any time. Finally, mediation shall not be employed in any instances involving sexual violence.

**Formal Complaint Process**
To seek a formal resolution a student shall use the following procedure:

1. **Complaints shall be in writing**
   Complaints shall be in writing and shall describe all incident(s) or action(s) considered by the complainant to be harassing or discriminatory. Complaints shall identify the relevant dates and all witnesses and shall specify a remedy. All complaints shall be signed and dated by the person making the complaint. The following communications do not constitute a complaint under this procedure: oral allegations; e-mail correspondence; anonymous communications; courtesy copies of correspondence or a complaint filed with others.

2. **Where to file the complaint**
   a. Complaints alleging student-to-student harassment shall be filed with the vice president of student services, dean of student development, campus provost, or instructional deans.
   b. All other complaints shall be filed with the vice chancellor of human resources, vice president of student services, dean of student development, or campus provost.
   c. To ensure that all student complaints are properly processed, any College administrator who receives a complaint under this procedure shall promptly notify the vice president of student services and provide a copy of the complaint.
   d. In addition to filing a complaint pursuant to this procedure, students alleging sexual assault or other acts of sexual violence may choose to file a complaint with any police agency, including the College’s police department.

3. **Receipt of the complaint**
   A formal investigation will be initiated if a complaint is within the scope of this policy and articulates sufficient specific facts, which if determined to be true, would support a finding that the College’s policy was violated. The College may decline to process a complaint under a variety of circumstances, including (i) the student has failed to provide a written, signed complaint; (ii) the complaint is vague and does not describe conduct covered by this procedure; (iii) the student declines to cooperate in the College’s investigation; and (iv) the complaint has been withdrawn or the requested remedy has already been implemented or was offered and rejected.

Upon receipt of a complaint, the College administration shall determine whether interim action is needed pending completion of an investigation (e.g., a no-contact order, temporary reassignment or suspension).

4. **Requests for confidentiality/anonymity**
   If the complainant requests that his or her name or other details not be disclosed to the accused, the College’s ability to conduct a thorough investigation or to take meaningful corrective action may be impaired. In most instances, the College will endeavor to respect the complainant’s request. However, in some instances, particularly those involving serious misconduct that may affect other students, the College may be unable to guarantee confidentiality.

5. **Impartial Investigator**
   The College administration shall appoint an impartial investigator who is not a member of the affected department (e.g., a complaint by a student athlete will be investigated by someone outside the athletic department). The investigator ordinarily will be a student services professional, a human resources professional, or an attorney. Depending on the scope of the investigation, more than one investigator may be appointed.

6. **Time Frame**
   Barring unusual circumstances (e.g., multiple complainants, a complaint filed the day before the winter break), the investigation ordinarily will be completed within 60 calendar days. An investigation shall proceed even if criminal charges also are pending against the accused.

7. **Interviews and Documentation**
   The investigator shall interview the complainant, the accused, and other individuals determined by the investigator to possess relevant information. The complainant and the accused
each will be permitted to provide documentation or other tangible evidence to the investigator.

8. Final Reports
The investigator shall prepare a written report that states whether a preponderance of the evidence establishes a violation of the College’s policies. The investigator shall provide the report to the appropriate College leader(s). The appropriate leader(s) shall determine whether additional investigation is needed or whether the evidence is sufficient to initiate a disciplinary consequence or other corrective action. The action shall be reasonably calculated to prevent a reoccurrence of the misconduct and/or to ameliorate its impact. The appropriate leader will inform the complainant and the alleged offender in writing of the disposition of the complaint (i.e., whether discrimination or harassment was found to have occurred).

9. Review and Appeals
If the accused is a student, he or she may seek review of a proposed disciplinary sanction utilizing the procedures under sections 4.8 and 4.9 of the student code of conduct. If the accused is an employee, he or she may seek review of a proposed disciplinary sanction in accordance with the employment policies of the College.

If the complainant is dissatisfied with the disposition of his or her complaint, then the complainant may submit a written appeal to the campus provost or designee within 5 business days of disposition of the complaint. The provost or designee shall meet with the complainant within 15 business days of receipt of the appeal. If the provost or designee determines that there may be a reasonable basis for granting the appeal, then the provost or designee, before rendering a final decision on the merits of the appeal, shall meet with the accused. The provost or designee shall issue a written response within 30 business days of the meeting with the complainant.

Any disclosure of the disposition or results from any disciplinary proceeding will be governed by the Family Educational Rights and Privacy Act (FERPA) and the Clery Act.

Confidentiality
To the extent permitted by law, the College will maintain the confidentiality of records related to investigations of complaints based on discrimination, harassment, and sexual violence.

Retaliation Prohibited
Retaliation against a student for bringing a complaint in good faith or for participating in good faith in an investigation of such a complaint is prohibited. Any employee or student who does so is in violation of this policy and may be subject to disciplinary action.

Designated Officials
To facilitate prompt responses to grievances or grievance appeals and to preclude conflicts of interest, the dean of student development, the provost, and/or the Chancellor may designate another College official to consider a grievance or grievance appeal and to render a decision.

Office for Civil Rights
Students may file complaints of discrimination and harassment with the Office for Civil Rights, Department of Education, Washington, D.C., at the same time they file a grievance, during or after use of the grievance process, or without using the grievance process at all. If a student files a complaint with the Office for Civil Rights, the complaint must be filed no later than 180 days after the occurrence of the possible discrimination.

Harassment Prevention Coordinator
Federal law requires that the College appoint a Title IX coordinator, who is responsible for serving as a resource person on sexual harassment issues. In addition to serving as a resource regarding sexual harassment and sexual discrimination, the College’s harassment prevention coordinator shall serve as a resource person regarding all the forms of discrimination and harassment that are prohibited by this policy. The vice president of human resources is the designated Harassment Prevention Coordinator for the College. Students who desire further explanatory information about unlawful harassment are encouraged to contact the vice president for human resources 281-998-6348.

Campus Sex Crimes Prevention Act
In compliance with the Campus Sex Crimes Prevention Act (Section 1601 of “Public Law 106-386”) and the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, all persons required to register as part of the State of Texas’ Sex Offender Registration Program are required to provide notice of their presence on campus to the Campus Police Department. Information on registered sex offenders
can be obtained through the Texas Department of Public Safety Crimes Record Service at: http://records.txdps.state.tx.us/soSearch/default.cfm

Grievance Procedure for General Complaints:
A general complaint is a College-related problem or condition that a student believes to be unfair, inequitable, or a hindrance to the educational process or the conduct of on-campus business. The general complaint procedure is the process by which a student may communicate a general complaint.

SCOPE: The general complaint procedure is designed to provide the student with the opportunity to express his or her views on College-related conditions that impede his or her education and to seek relief from those conditions. It is not intended, nor may it be used, to supplant other grievance/complaint/appeals procedures designed to address certain matters for which special procedures are published. Specifically excluded from the general complaint procedure are grievances related to: sexual harassment; discrimination or harassment on the basis of race, color, religion, national origin, gender, disability, pregnancy, marital status, sexual orientation, veterans status, or age; grade disagreements or appeals; traffic ticket appeals; and grievances or appeals filed under the procedure for violations of student life conduct policies.

General Complaint Procedure
STEP 1. Students who wish to file a complaint should, when necessary, consult with an educational planner or counselor for guidance to the appropriate responsible person under Step 2 or Step 3.

STEP 2. The student should first discuss the complaint with the College employee most directly responsible for the condition which brought about the complaint. Most matters will be resolved at this level.

STEP 3. If the discussion in Step 2 does not resolve the matter to the student’s satisfaction and the student wishes to pursue the matter, the student may discuss the matter with the next level of supervisory authority.

STEP 4. If the discussion in Step 3 still does not resolve the matter to the student’s satisfaction, the student may file a written presentation of the complaint with the dean of student development. The dean of student development is responsible for taking appropriate action on matters within his or her jurisdiction, or for routing the complaint to the appropriate senior administrator for action.

STEP 5. If the response in Step 4 does not resolve the matter, the student may file a written presentation of the complaint with the campus Provost.

Identification
Persons on College property or utilizing its services may be required to furnish acceptable proof of identity to College officials. Students are therefore encouraged to carry a validated student I.D. card with them at all times. I.D. cards will also be used as a library card to obtain usage of the materials in the College library and to obtain admission to college events. If lost, College identification cards can be replaced at the campus library for a fee of $10.

Search and Seizure
Students shall not be subject to illegal search and seizure while on College property.

Surveys and Petitions
No individual or organization may conduct a survey or poll of students, employees, or campus visitors, or circulate or post a petition or otherwise solicit signatures on a petition on College property without prior approval of the dean of student development. (Faculty-assigned surveys or polls to be conducted within the classroom are exempt from this policy.)

Unattended Children on Campus
Students should not bring children on campus and leave them unattended. See campus child care facilities for enrollment information.

d. If the hearing officer concludes that no correction to the record is warranted, the eligible student is to be notified and informed of the right to place in the records a statement either commenting on or setting forth a reason for disagreeing with the school’s decision.

Policy on Cheating, Plagiarism, and Collusion

Cheating, Plagiarism, and Collusion
The following institutional guidelines concerning cheating, plagiarism, and collusion are provided for the information of all students enrolled in any course offered by San Jacinto College. Gaining knowledge and practicing honesty go hand in hand. The importance of knowledge properly gained is reinforced by the grading system. The importance of honesty fully practiced is emphasized by rules against cheating, plagiarism, and collusion. Any act of cheating, plagiarism, or collusion in any degree subjects a student to the disciplinary procedures listed below.

Honesty Code
San Jacinto College students should exhibit honesty, integrity, and high standards in their academic work. Members of the college community benefit from an open and honest educational environment. Upholding academic integrity is the responsibility of everyone.

Cheating
Students must be completely honest in all phases of their work. Cheating includes, but is not limited to, the following:
• dishonesty of any kind on examinations, assignments, or program requirements;
• unauthorized possession of examinations or unapproved notes or sources at any time, whether used or not;
• copying or obtaining information from another student during an examination or performance of a lab skill or competency;
• alteration or falsification of course or academic records; and
• unauthorized entry into or presence in any office.

Plagiarism
Documenting the use of others’ work is important because it recognizes the original author’s effort, establishes the student writer’s credibility, and supports the audience’s future research. Plagiarism is offering the work of another as one’s own, intentionally or unintentionally, without proper acknowledgment. Students who fail to give appropriate credit for ideas or material they take from another, whether a fellow student or a resource writer, are guilty of plagiarism (i.e., stealing the words or ideas of another).

The College may contract with companies or organizations that provide plagiarism-detection services. Such companies may receive students’ work for the purpose of comparing the students’ work with a reference database. Students enrolling at San Jacinto College agree as a condition of their enrollment that their work may be submitted to such companies for the purpose of plagiarism detection and that the company may retain a copy of the work for plagiarism-detection purposes. Such companies will not copy, use, or distribute the students’ work.
Policy on Cheating, Plagiarism, and Collusion

Collusion
Learning is an active process for all students; completion and submission of original work is essential to the learning process. Collusion is unauthorized collaboration in preparing any work offered for credit. Collusion includes, but is not limited to, knowingly using, buying, selling, stealing, sharing, transporting, or soliciting, in whole or in part, any information or materials to be submitted as a student’s own work. Collusion also includes impersonating another student for the purpose of taking a course or exam. A student who provides access to the materials is also guilty of collusion and subject to the same penalties. Therefore, students should take reasonable precautions to protect their work from being compromised.

Responding to Violations
Faculty have the responsibility to initiate disciplinary action in response to violations of the rules regarding academic honesty. A faculty member is responsible for collecting any evidence of cheating at the time it occurs. A student may not withdraw from the course during the investigation of an incident of academic dishonesty or when a course grade of F has been imposed. A record will be kept of any imposed penalty or disciplinary action.

Penalties
If, in the judgment of the instructor, cheating, plagiarism, or collusion has occurred, he or she may assess a penalty with a recorded reprimand:

- recommendation for suspension from the College or expulsion from a program, which is submitted to the provost; the provost’s decision is final.
- failure of the assignment by the instructor; the instructor’s decision is final.
- reduced grade on the assignment by the instructor; the instructor’s decision is final.
- a reasonable penalty assessed by the instructor; the instructor’s decision is final.

The instructor will notify the student of his or her decision concerning the student’s grade and whether or not further disciplinary action is recommended before filing the report as indicated below. If a student will not meet with the instructor or if notification cannot take place because of a student’s unavailability or incorrect contact information, the process proceeds as specified. Faculty should also communicate with their department chairs/program directors and deans regarding any violation of the college honesty code. Should the instructor recommend suspension or expulsion of the student, the provost has the responsibility and authority to determine whether the student will be suspended or expelled.

Reporting Cheating, Plagiarism, and Collusion
The instructor will prepare an Academic Dishonesty Incident Report for the provost, the dean, department chair and/or program director. The report indicates the nature of the incident and the resulting penalty. The student has the privilege of making a written declaration on his or her own behalf to the instructor. Copies of this declaration, which are not construed as an appeal, but for information only, will be filed with the provost.
