Benefitting the Promise for Their Future Scholarship Fund
Dear Friends of San Jacinto College,

Our 50th year of educational excellence will open a new chapter of empowering students to achieve their educational goals, build our community and meet the growing needs of tomorrow. I invite you to lend your support in enriching existing partnerships and developing new ones. Please save the date on your calendar for Friday, May 4, 2012 and plan to join us at Space Center Houston for our unique Anniversary Gala.

San Jacinto College serves nearly 30,000 students on three campuses and nine extensions. We serve many area students challenged by lack of funding, achievement level, preparation level, or family background who have little or no other access to higher education. We provide for students a gateway to a new life and they provide for us talented leadership for tomorrow, a trained workforce, and grateful community members. Many of our students return to work and live here, thus enriching our local communities. As a gateway for students, San Jacinto College provides an intimate educational experience leading to a four-year school or the working world.

I invite you to sponsor or make a tax deductible donation to our live or silent auction. Your assistance changes the lives of countless students who express to me their gratitude on a regular basis.

Students like Dorothy, a Promise for Their Future Scholarship recipient, said that her scholarship changed the course of her life. Not only did this dedicated student walk miles to class, but worked an additional job to provide for her child. This opportunity allowed her to serve as a role model and an inspiration for others. This scholarship removed from her shoulders the added worries of the total cost of tuition, fees and books. It was her sole means of achieving an education. She is in her second year and along with maintaining a high GPA is president of several campus clubs. Dorothy had this to say; “Scholarships are not a solution for obstacles; they are a lifeline, supporting and allowing students to manage all the others areas of their lives.”

Please consider a gift to help students like Dorothy reach for tomorrow.

Kind regards,

Ruth Keenan
