Collaborative Leadership Skills for Managers

Develop a collaborative style to enhance team commitment and individual performance.

Why become a collaborative leader? Because it gives you the ability to break down silos to create an energetic department and team that has better business results.

This seminar will give you the skills to be an adaptive manager-someone who can create clarity and vision and build mutual trust with your team and other departments. You will learn how to inspire optimal performance from team members and help bring out their strongest talents.

How You Will Benefit

- Become more effective by enabling each team member to share ideas and generate solutions
- Remove roadblocks that prevent employees from doing their best work
- Enhance team creativity and involvement without expensive programs or initiatives
- Differentiate yourself and become more influential in your organization
- Help increase employee retention and engagement
- Develop a mindset that can increase your innovation skills and produce new ideas
- Provide greater opportunities for employees to own and implement their ideas
- Reduce performance issues by increasing employee involvement and leadership skills
