In this course, you’ll gain the essentials preparation needed to pass the PMP exam. Concentrating on exam content form the Guide to the Project Management Body of Knowledge-Fifth Edition (PMBOK Guide) and other sources, this course includes a wide variety of learning tools and study aids, all using PMI terminology.

**WHO SHOULD ATTEND**
Associate project managers, project managers, IT project managers, project coordinators, project analysts, project leaders, senior project managers, team leaders, product managers, program managers, project sponsors, and project team members who lead and direct cross-functional teams to deliver projects within the constraints of schedule, budget, and scope; who are preparing to take the PMP Certification Exam; and who meet the following requirements:

To submit your application to PMI to received approval to sit for the exam. Click the link below for eligibility overview.  

**PREREQUISITE:**
To be eligible for the PMP certification, you must first meet specific education and experience requirements. The PMP Exam Prep satisfies the requirements for contact hours of instruction. The final steep in gaining certification is passing a multiple-choice, psychometric-based examination designed to objectively assess and measure your project management knowledge. It is recommended that you have achieved the experience requirements prior to taking this course.

**LEARNING OUTCOMES:**
1. Prepare to take the PMP exam;
2. Become familiar with *PMBOK® Guide* terms, definitions, and processes;
3. Master test-taking techniques;
4. Learn styles and types of questions found on the PMP exam;
5. *PMBOK® Guide’s five process groups, nine knowledge areas, and the area of professional and social responsibility;*
