New for July 2015:

Immediate online scheduling for the Texas Nurse Aide (NNAAP®) exam is available as soon as your online application is approved.

Paper applications for exams will not be accepted after May 22, 2015. The new self-service online exam scheduling will be available on July 8, 2015.

As part of our effort to streamline the application process and get candidates scheduled for their exams as efficiently as possible, the Texas Department of Aging and Disability Services (DADS) and Pearson VUE have decided to discontinue paper application submissions.

Important dates:

• June 13 through July 7, 2015: Blackout dates. Candidates will NOT be able to complete online registration or schedule examinations.
• July 8, 2015: Candidates start registering for and scheduling their own examinations online.
• July 20, 2015: The earliest possible testing date.
