Fast Facts About the Program
Type: Continuing and Professional Development

Program Information
Are you a professional mariner looking to expand your career? If so, the San Jacinto College maritime program offers professional mariners courses to earn U.S. Coast Guard (USCG) licenses and certifications.

Courses are offered in deck and engineering operations for original or upgraded certificates and licenses for new entry-level mariners, as well as operational and management-level professionals.

The San Jacinto College maritime program:
- Is guided and supported by an advisory committee of industry leaders with classroom and simulator experience, some of the nation’s most experienced professional mariners
- Features a new state-of-the-art Maritime Technology and Training Center on the Port of Houston. The facility houses multiple classrooms, engineering labs, and advanced navigation labs together with the industry’s newest interactive, full-mission ship, towboat, and tugboat simulators.

Courses offered through the San Jacinto College maritime program include:
- Able Seaman
- Advanced Cargo Handling & Stowage (Management Level)
- Advanced Fire Fighting
- Advanced Fire Fighting Refresher
- Advanced Meteorology
- Advanced Shiphandling
- Advanced Stability
- Apprentice Mate (Steersman)
- Apprentice Mate (Steersman) Upgrade
- Apprentice Mate (Steersman) Western Rivers Navigation
- Automatic Radar Plotting Aids (ARPA)
- Basic Fire Fighting

Revised 2/2016
An equal opportunity institution
• Global Maritime Distress & Safety System (GMDSS)
• Leadership and Managerial Skills
• Leadership and Teamworking Skills
• Maritime Security Awareness
• Master 100 Tons / Mate 200 Tons
• Medical Care Person in Charge
• Medical Care Provider
• Meteorology (Operational Level)
• Personal Safety & Social Responsibilities
• Personal Survival Techniques
• Proficiency In Survival Craft
• Qualified Assessor
• Radar Observer (Inland)
• Radar Observer (Unlimited)
• Radar Observer Recertification
• Rating Forming Part Of A Navigational Watch Assessment Program
• Search & Rescue
• Search & Rescue (Operational Level)
• Ship Construction & Basic Stability
• Ship Management
• Simulator Instructor Training

• Tank Barge Dangerous Liquids
• Tank Ship Dangerous Liquids
• Towing Officer Assessment
• Train the Trainer
• Upgrade Master 100 Tons to Master 200 Tons (Near Coastal)
• Vessel Personnel with Designated Security Duties (VPDSD)
• Vessel Security Officer
• Visual Communications (Flashing Light)
• other courses may be available on request
