

San Jacinto College
South Campus
Occupational Therapy Assistant Program

Frequently Asked Questions

1. Is the OTA program very difficult to get into?

Yes, it is a competitive program. There are only 12 positions in the program and the applicant pool exceeds the available positions. There is a possibility in the future that the program will admit more students.

2. Is the job market good?

Yes! The job market is excellent at this time as there is a push to hire more occupational therapy assistants. According to the Bureau of Labor and Statistics, there is a projection of 43% job growth by 2024, adding 14,100 OTA professionals to the existing amount of jobs. OTAs work collaboratively with an OT for patient intervention. The median salary is \$57,870. According to the 2017 U.S. News Rankings, Occupational Therapy Assistants are ranked #1 in Best Health Care Support Jobs and #12 in the 100 Best Jobs!

3. What is the starting salary?

Starting salary as an occupational therapy assistant will vary dependent on setting. The median pay is \$68,134 per Texaswages.com.

4. What are the program's graduation rates?

TBD – after first three years as this is a developing program

5. I heard there is a national licensing exam that I must pass in order to practice as and OTA in Texas?

Yes, there is a national licensing exam through the National Board for Certification in Occupational Therapy (NBCOT). You will be eligible for the certification exam once you complete the program and graduate. Once this exam is complete, you will then be able to apply for your licensure to practice through the appropriate state agency. In Texas the agency is the Texas Board of Occupational Therapy Examiners (TBOTE).

6. Do you offer this program at North or Central Campus?

No, the OTA program is only located at South Campus. You may take non-occupational therapy assistant courses (prerequisites) on other campuses, at night, weekends, etc.

7. Do you offer this program at night?

No, the OTA program does not offer night classes. However, there are two courses in the OTA curriculum that may be offered at night or online that are non-OTA courses but required for completion of the program and graduation.

8. When is the application deadline?

The application deadline for the occupational therapy assistant program is March 1st. Applications will not be considered after this date.

9. When does the OTA program start?

The program will accept students on an annual basis to start every fall semester.

10. Do I have to take the SAT or ACT?

No.

11. Where do I go for observation hours?

Perspective applicants are required to complete observation hours for admission into the OTA program at San Jacinto College. Any facility is appropriate as long as you observe a licensed OT or OTA and you experience at least two different settings for a total of 20 hours. Example settings are inpatient, outpatient, rehabilitation, acute care, pediatrics, mental health, skilled nursing facility, or home health

12. Is there an observation form?

Yes. Please refer to the website to download the form. Make sure that the OT or OTA signs the paper and verifying information is correct. Directions for completion are included in the Application packet.

13. Is there a form for references to complete?

Yes. Refer to the website to download the form. Three of these must be completed (numbers must be circled) and at least one must be from a licenses OT or OTA. Directions for completion are included in the Application packet.

14. Do you have any non-traditional students in the program?

Yes, the OTA program admits students from various backgrounds including those who may have had a previous career.

15. Do any of the required prerequisites have to be taken within a certain time period?

Prerequisites must be completed before the start of the program. Preferably prerequisite courses would have been completed at time of admission. However if 1-2 courses are in progress, your application will still be processed. A&P I and II should not have been taken more than 5 years ago. However, there are certain circumstances such as second

career applicants and or those who currently work in the health care field that will be considered.

16. I have to work throughout the program. Can I take the program part-time?

No. Due to the progression and sequence of the program, it is not offered at part-time status. There are clinical experiences embedded in the curriculum as well as 16 weeks of full time clinical experience required at the end of the didactic portion of the program.

17. What if I want to re-apply for the program?

Many students reapply and are encouraged to do so. You will need to complete a new application with all new documents and note on your application that you are reapplying. If observation hours were completed within 2 years of re-applying, you may resubmit those forms. Applicants should have copies of all materials initially submitted to resubmit certain documents of application.

18. Will the classes be all day and 5 days a week?

Class schedules are dependent on several factors per semester. Your first semester in the program, you will generally have Fridays off. Plan on being in class Monday through Thursday 8am-4pm. Second through Fourth semester, you will have clinical time (fieldwork) concurrently with your courses that will be held on Thursday and/or Fridays. A schedule will be given to you prior to the start of each semester so that you can plan accordingly.

19. I currently do not receive immunizations. Are they required for the OTA program?

Unfortunately, not receiving immunizations can make it difficult for you to be placed for level I and/or level II fieldwork which is required for completion of the OTA program. The Program Director nor the Academic Fieldwork Coordinator can guarantee that a site for fieldwork can be found that would not require immunizations such as TB, flu shot, or Hep B. One must individually consider this when applying for the program.
