All about Direct Deposits

Our accounts aren't just for refunds! If you have a paycheck or any other recurring income, you can easily have it **direct deposited** to your account. **Direct deposits** include:

- Payroll from an employer (including work study)
- Benefit checks from the federal government (Social Security, Supplemental Security Income, Civil Service, Railroad Retirement and Veteran's payments)
- Benefits issued by state governments (such as retirement and unemployment payments and pension payments)

Unfortunately, financial aid refunds do not qualify as **direct deposits**.

How to get your paycheck directly deposited to your account:

- Log in to your profile.
- Under the 'Add Money' tab, select 'Direct Deposit' from the drop down menu.
- Click 'Print Form.'
- Print and return the signed form to your employer for processing.

We do not recommend that you **directly deposit** someone else's paycheck into your account, as we are unable to guarantee that a **direct deposit** sent in any name other than the account owner's will post to your account.

Confirmation of Direct Deposit:

If your employer is your college/university and you enrolled through this website, you should have received a confirmation email.

You can also check with your supervisor or human resources department to research the status of your **deposit**. If you want to be sure that you have properly enrolled, you can always enroll again. Remember, **direct deposit** is a free, reliable and convenient way to have fast access to your **payroll** money!

Availability of Direct Deposits (For more information, refer to the [Funds Availability Policy](#) contained in the Account Terms & Conditions):

The full amount of your **direct deposit** will become available the same business day we receive the **deposit**. Sometimes, employers may time the sending of your **payroll** to be sure that the **deposit** is made available to you on the morning of your payday. Sometimes it takes employers 1-2 **payroll** cycles to process a **direct deposit** enrollment. Please check your **payroll** stub to confirm if your **payroll** was sent to your account.

If you are sure that your employer sent your **payroll** to your account, please:

- Fax a copy of your **payroll** stub to Customer Care at 1-866-309-7443.
- Write the reason for your fax (Research **Direct Deposit**) on the cover sheet.

Canceling a Direct Deposit:

In order to cancel your enrollment in **direct deposit**, please contact your employer and notify them of your request.
