SAN JACINTO COLLEGE
A publication of the San Jacinto College Continuing and Professional Development Division
Training and Educational Solutions for Workers and Employers

The San Jacinto College Continuing and Professional Development (CPD) Division offers programs and courses for individuals to retain or advance in their jobs or make career transitions. We provide training to companies and their employees to meet employers’ demands for a highly-skilled workforce, while helping incumbent workers reach their potential.

No matter what your professional and educational goals, CPD is your training connection for career success. Our courses provide practical skills and hands-on training in a targeted, time-limited environment rather than a purely academic setting. We stand ready to help individuals manage the rapid changes and new realities of today’s workplace.

Linked Classes

Classes labeled “Linked” are held in conjunction with academic/credit classes. Enrollment in these sections is limited and is on a space-available basis. CPD students in linked CE sections do not have to be admitted into the College and are TASP/THEA exempt. Courses that are linked with academic courses will adhere to the stated CPD refund policy.

Key to Days of Week

- M Monday
- T Tuesday
- W Wednesday
- R Thursday
- F Friday
- S Saturday
- Su Sunday

Take Your Choice

More than 1,500 courses offered from our credit schedule may be taken for non-credit. Contact the appropriate credit division for more information.

Acct Specialist Fast Track
ACNT 55035
Prerequisites: High school/GED and proficiency in reading, writing, mathematics, and speaking English. Note: Textbook is required. This course is a study of basic accounting cycle from the source documents to the post-closing documents. Using a workbook, learners will have the opportunity to analyze, record, journalize, post, etc. for a fictitious business. Learners will acquire the understanding of banking procedures and control of cash. Students will also be exposed to the payroll process by calculating, paying, recording, and reporting payroll and payroll taxes.

$640.00  CEU 5.6  Hrs: 56
50325  Central  TR
Sep. 7 - Oct. 28  6 - 9:30 p.m.

CPP Mastery Exam Prep
ACNT 55030
Note: Materials will be provided.
Designed to prepare participants for the CPP mastery exam, participants may be expected to acquire study materials from the U.S. Department of Labor, Internal Revenue Service, and other resources.

$735.00  CEU 3.2  Hrs: 32
50327  Central  S
Oct. 2 - Nov. 20  9 a.m. - 1 p.m.

FPC/Payroll Specialist
ACNT 55036
Prerequisite: Successful completion of Accounting Specialist program. Proficiency in reading, writing, and speaking English. This program was designed by the American Payroll Association (APA) to meet the specific educational needs of payroll professionals and those involved with payroll-related businesses. The PayTrain Fundamental Payroll course teaches the fundamental payroll calculations and applications providing students with the basic knowledge and skills required to maintain payroll compliance and prevent costly penalties. Information will be provided for those interested in taking the optional FPC exam.

$960.00  CEU 3.2  Hrs: 32
50326  Central  S
Oct. 2 - Nov. 20  9 a.m. - 1 p.m.

Federal Income Tax Accounting
ACNT 55003
Note: Additional distance learning fees for online or hybrid courses will be assessed at time of payment. Learn to prepare your individual income taxes using the accounting methods described in this training course. Study the tax laws as implemented by the Internal Revenue Service to provide a working knowledge of preparing taxes for the individual (ACNT 1331).

$311.00  CEU 4.8  Hrs: 48
95537
Aug. 23 - Dec. 10 Online

Intermediate Accounting I
ACNT 55004
Analyze the generally accepted accounting principles, concepts, and theories underlying the preparation of financial statements. (ACNT 2303).

$311.00  CEU 4.8  Hrs: 48
95538
Aug. 23 - Oct. 13 Online

Intermediate Accounting II
ACNT 55040
Prerequisite: ACCT 2301
This course is a continued in-depth analysis of generally accepted accounting principles, underlying the preparation of financial statements including comparative analysis and statement of cash flows (ACNT 2304).

$234.00  CEU 4.8  Hrs: 48
50032
Oct. 18 - Dec. 10 Online

Intro to Computerized Accounting
ACNT 55005
Prerequisite: ACNT 1003.
Note: Textbook required. Additional distance learning fees for online or hybrid courses will be assessed at time of payment.
This course examines the program parameters, maximum accounts, and company's user specified accounts. In addition, we will look at department jobs, number of open months, maximum fiscal periods, program control, error handling, automatic budget updates, reversing entries, recurring entries, flexible month ends and user specified growth rates (ACNT 1311).

$311.00  CEU 4.8  Hrs: 48
95525
Aug. 23 - Dec. 10 Online
Payroll/Business Tax Accounting  
ACNT 55008  
Note: Textbook required
A study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment (ACNT 1329).

$311.00   CEU 4.8   Hrs: 48
50031
Sep. 7 - Dec. 3   Online

Business  
Business Continuity  
HMSY 55001
A study of Business Continuity Planning (BCP) and Continuity of Operations (COO). Includes techniques for implementing effective Continuity of Operations plans, existing and emerging legislative requirements governing the implementation of continuity programs, and the differences between public and private sector programs. End of course outcomes you will define BCP and COO; list existing and emerging legislative requirements governing continuity programs; describe the difference between public and private sector continuity programs; and write a BCP or COO.

Job Seeker Strategies Series  
NFND 59711
Finding a job usually isn't as easy as walking into a local business and asking for work. Doing some upfront work before you start your job search can pay off in more than one way. In this course, you'll discover everything you need to know to prepare for a successful job search from creating a cover letter, creating your resume, starting your job search, responding to interview question, and more.

$105.00   CEU 1.0   Hrs: 10
50337
Sep. 13 - Nov. 15   Online

Job Seeker Strategies - Addressing Special Interview Concerns  
NFND 59705
In this course, you'll learn about some of the other types of interviews you may encounter. You'll find out how to identify and respond to illegal questions and overcome objections to hiring. You'll also learn how to handle age discrimination.

$15.00   CEU 0.1   Hrs: 1
50341
Sep. 13 - Nov. 15   Online

Job Seeker Strategies - Crafting a Cover Letter  
NFND 59706
In this course, you'll learn tips on writing a cover letter, how to address your cover letter, understand the importance of proof-reading your cover letter, and how to format your cover letter.

$15.00   CEU 0.1   Hrs: 1
50340
Sep. 13 - Nov. 15   Online

Job Seeker Strategies - Creating Your Resume  
NFND 59707
In this course, you'll find out how to create a resume that helps you win employers over. You'll discover how to customize a master resume to each position you apply for. You'll also learn what to include in each section of your resume and discover writing tips to present yourself in the best possible light.

$15.00   CEU 0.1   Hrs: 1
50342
Sep. 13 - Nov. 15   Online

Job Seeker Strategies - Finding Job to Apply For  
NFND 59708
After you know which industry you'd like to target, it's time to start applying for jobs. In this course, you'll learn how to keep track of the application process, as well as how to find positions to apply for.

$15.00   CEU 0.1   Hrs: 1
50339
Sep. 13 - Nov. 15   Online

To register: All campuses 281-542-2020
Job Seeker Strategies - Kicking Off Your Job Search
NFND 59709
Finding a job usually isn't as easy as walking into a local business and asking for work. Doing some upfront work before you start your job search can pay off in more than one way. In this course, you'll discover everything you need to know to prepare for a successful job search.

$15.00   CEU 0.1  Hrs: 1
50338
Sep. 13 - Nov. 15  Online

Job Seeker Strategies - Responding to Interview Questions
NFND 59710
In this course, you'll discover how to prepare your answers for common interview questions. You'll also get the opportunity to choose the best answers to common interview questions and find out whether your responses earned you a job at the end of the course.

$15.00   CEU 0.1  Hrs: 1
50345
Sep. 13 - Nov. 15  Online

Job Seeker Strategies - Understanding the Interview Process
NFND 59712
In this course, you'll learn about the interview process. You'll discover the purpose of an interview and the keys to interviewing well. You'll also find out about the different types of interviews and what you need to do to prepare for an interview.

$15.00   CEU 0.1  Hrs: 1
50346
Sep. 13 - Nov. 15  Online

Cosmetology

Application of Eyelash Extensions I
CSME 55040
Prerequisite: Concurrent enrollment required in Orientation, Principles, and Application of Eyelash Extensions.
This course provides the student with the skills necessary to perform client services using current techniques and business practices.

$660.00   CEU 11.2  Hrs: 112
50333
North  M
Aug. 23 - Dec. 16  5:30 -10 p.m.

Orientation Eyelash Extensions
CSME 55041
Prerequisite: Concurrent enrollment required in Orientation, Principles, and Application of Eyelash Extensions.
This course provides the student with the basic knowledge of chemistry, eyelash growth cycles and proper selection, supplies and equipment of the industry, safety, sanitation, laws and rules of TDLR as they relate to eyelash extensions.

$865.00   CEU 14.4  Hrs: 144
50332
North  TW
Aug. 24 - Dec. 15  5:30 -10 p.m.

Principles of Eyelash Extensions
CSME 55042
Prerequisite: Concurrent enrollment required in Orientation, Principles, and Application of Eyelash Extensions.
This course provides the student with the practical skills necessary to safely and effectively apply eyelash extensions.

$590.00   CEU 6.4  Hrs: 64
50334
North  WR
Aug. 25 - Dec. 16  6:30 -10 p.m.

Human Resource Management

HR Impact - Human Resources Certificate Program
HRPO 55022
This course covers the evaluation of the current methods of job analysis, recruitment, selection, training/development, performance management, promotion and separation. Topics also include ethical, social, and legal responsibilities; the assessment methods of compensation and benefits planning; and analysis of the role of strategic human resource planning in support of organizational mission and objectives.

$580.00   CEU 8.0  Hrs: 80
50329
South  TR
Sep. 7 - Nov. 11  6 -10 p.m.
Logistics & Material Management

Domestic and International Transportation Management
LMGT 55018
This course is an overview of the principles and practices of transportation and its role in the distribution process. Emphasis on the physical transportation systems involved in the United States as well as on global distribution systems. Topics include carrier responsibilities and services, freight classifications, rates, tariffs, and public policy and regulations. Also includes logistical geography and the development of skills to solve logistical transportation problems and issues (LMGT 1323).
$234.00  CEU 4.8  Hrs: 48
95542
Aug. 23 - Dec. 10  Online

Economics of Transportation and Distribution
LMGT 55014
This is a study of the basic economic principles and concepts applicable to transportation and distribution (LMGT 1345).
$234.00  CEU 4.8  Hrs: 48
95541
Aug. 23 - Dec. 10  Online

Intro Business Logistics
LMGT 55011
This course is a systems approach to managing activities associated with traffic transportation, inventory management and control, warehouse, packaging, order processing, and materials handling (LMGT 1319).
$234.00  CEU 4.8  Hrs: 48
95539
Aug. 23 - Dec. 10  Online

Intro to Materials Handling
LMGT 55015
This course introduces the concepts and principles of materials management to include inventory control and forecasting activities (LMGT 1321).
$234.00  CEU 4.8  Hrs: 48
95540
Aug. 23 - Dec. 10  Online

Project Management
PM - Project Management Certificate
Program Fast Track
BMGT 55102
Learn critical path methods for planning and controlling projects. This includes time/cost tradeoffs, resource utilization, considerations, task determination, time management, scheduling management, status reports, budget management, customer service, professional attitude, and project supervision.
$725.00  CEU 5.6  Hrs: 56
50331  South  MW
Sep. 8 - Nov. 1  6 - 9:30 p.m.

Supervision
Transitioning to Supervision; New Leader Academy
BMGT 55198
Becoming a new supervisor means you have been assigned an increased level of responsibility, accountability and authority because of your abilities, behaviors and potential for continuous growth. Transitioning into supervision is designed to help familiarize you with your new role and responsibilities and understand the benefits and typical challenges you may face as you learn to get work done through others. Participants will learn communication techniques, managing customer service, teambuilding and staff development, and personal leadership and accountability.
$735.00  CEU 6.4  Hrs: 64
50347  Central  TR
Sep. 7 - Oct. 28  5:30 - 7:30 p.m.
Supply Chain

**Introduction to Business Logistics**

LMGT 55021  
Prerequisite: High school/GED and proficiency in reading and writing. (self-led online training modules)  
This self-led course provides students with the basic information needed to understand logistics. It is a prerequisite for the Certified Logistics Associate and the Certified Logistics Technician courses.  

$100.00  
CEU 0.7  
Hrs: 7  
50435  
Oct. 4 - 22  
Online

**Certified Logistics Associate**

LMGT 55019  
Prerequisite: High school/GED and proficiency in reading, writing and math; Introduction to Business Logistics  
Note: eBook required - Supply Chain Logistics: Foundation Knowledge.  
This instructor-led course provides students with the foundational broad knowledge they will need to understand the world of supply chain and related core competencies. Students will acquire an understanding of the global supply chain, the logistics environment, safety, safe equipment operation, material handling equipment, quality control, workplace communication, teamwork and problem solving and using computers. This course is aligned with MSSC standards and the first step towards eligibility of the CLT industry certification.  

$400.00

Advanced Manufacturing

Basic Aerospace Manufacturing Skills
NFND 59699
This course introduces students to the various concepts of manufacturing within the aerospace industry.

$180.00  CEU 1.2  Hrs: 12
50368
Sep. 1 - Dec. 17  Online
(May enroll any date from Sep. 1 - Nov. 30)

Basic Math for Manufacturing
MCHN 55042
In this course you will learn essential math skills needed in a shop setting. You will work with decimals, fractions, positive and negative numbers, Cartesian Coordinates and the metric system.

$240.00  CEU 1.6  Hrs: 16
50360
Sep. 1 - Dec. 17  Online
(May enroll any date from Sep. 1 - Nov. 30)

Blueprint Reading for CNC
DFTG 55037
In this short course you will learn blueprint reading fundamentals, engineering drawing terminology, views, lines, dimensions and tolerances. In addition you will learn geometric dimensions and tolerances, how components assemble or fit together, and how threads and fastener are used in assemblies.

$180.00  CEU 1.2  Hrs: 12
50361
Sep. 1 - Dec. 17  Online
(May enroll any date from Sep. 1 - Nov. 30)

Intermediate CNC HAAS Lathe
MCHN 55028
Prerequisite: Intro to CNC Lathe Operator.
Note: PPE, textbook, and flash drive required.
In this course, students will learn G and M codes for the lathe. They will learn how to write standard programs; using the codes to operate CNC turning centers. For the final project, they will program and produce a part on a dual spindle CNC lathe given a blueprint. This course aligns with NIMS (National Institute of Metalworking Skills) standards.

$750.00  CEU 4.8  Hrs: 48
95035
Aug. 12 - Oct. 7  6 - 9 p.m.

CNC Mill Complete
MCHN 55013
Note: PPE, textbook and flash drive required.
In this course you will learn shop math, machine shop safety, measurements, blueprint reading and setup and operations of a CNC milling machine. In the second half of the course, you will learn G & M codes and how to write standard G and M code programs to operate CNC milling machines writing and running programs with an actual CNC machine control. The final project is a part produced on a 5-axis CNC mill. This course aligns with NIMS (National Institute of Metalworking Skills) standards and HAAS Mill operator certification and HAAS Mill operator certification.

$1145.00  CEU 9.6  Hrs: 96
50349  North  TR
Oct. 12 - Feb. 24  6-9 p.m.

GD&T for CNC
DFTG 55038
In this course you will learn GD&T terms and symbols, the rules of GD&T, geometric tolerances, datum, and form, profile, orientation, runout and location tolerances.

$240.00  CEU 1.6  Hrs: 16
50362
Sep. 1 - Dec. 17  Online
(May enroll any date from Sep. 1 - Nov. 30)

Geometry for Machining
MCHN 55043
In this course you will learn the relationships of lines, triangles, circles and other geometric shapes. You will learn about angles, polygons, triangles, quadrilaterals, circles.

$240.00  CEU 1.6  Hrs: 16
50363
Sep. 1 - Dec. 17  Online
(May enroll any date from Sep. 1 - Nov. 30)

Hand & Power Tools for Machining
MFGT 55001
In this course you will learn hand and power tool safety, the use of hand and power tools. You will learn about drilling techniques, stationary power tools, disc, belt sanders, drill press, band saw, arbor press, bench grinder and table saw and how to operate each tool.

$315.00  CEU 2.1  Hrs: 21
50367
Sep. 1 - Dec. 17  Online
(May enroll any date from Sep. 1 - Nov. 30)
Fiber Network Technician
CSIR 55012
Prerequisite: Experience or background in the low voltage, telecommunications, cabling, and networking fields.
This hands-on course is intended to train you to become certified fiber network technicians. The Fiber Network Technician course is a comprehensive course designed to train students in various techniques to layout, install and maintain fiber optic cabling systems. This course prepares you to take the Fiber Optic Technician (ETA) Exam for Fiber Optic Certification.
$2000.00 CEU 3.2 Hrs: 32
50436 North SU
Oct. 2 - 10 8 a.m. - 5 p.m.

Metals and Materials for CNC
MFGT 55002
In this course, you will distinguish between different types of metals and learn the properties and composition of such metals. You will discover how heat treatment can be used to increase the machinability and performance of metals.
$120.00 CEU 0.8 Hrs: 8
50364
Sep. 1 - Dec. 17 Online (May enroll any date from Sep. 1 - Nov. 30)

PMI for CNC
MFGT 55003
In this course you will become proficient in using and reading basic measuring devices. You will master the essentials of handling, applying, and reading the most common gauges on the shop floors including rulers, dial calipers, outside micrometers, depth micrometers, inside micrometers height gauges, sine bar, gauge blocks and surface tables, travel dial indicators, radius gauges, precision squares, combination square set, and thread form gauges.
$315.00 CEU 2.1 Hrs: 21
50365
Sep. 1 - Dec. 17 Online (May enroll any date from Sep. 1 - Nov. 30)

Begin Here/Foundations
Digital Literacy IC3
POFI 55021
Prerequisite: English Proficiency, Keyboarding 20 WPM.
Learn to use a computer in a business environment. Begin with an introduction to the computer hardware. Learn how to use the Windows 10 operating system. Gain a basic understanding of the most popular business applications - MS Word, MS Excel, and PowerPoint. Additionally, learn to use the internet and email. All of these skills prepare you to take the optional IC3 certification exam.
$1280.00 CEU 9.6 Hrs: 96
50437 South MTR
Oct. 18 - Dec. 16 6-10 p.m.

Keyboarding on the PC
POFT 55004
Prerequisite: None. Note: No textbook required.
The primary input device to a computer is the keyboard. Therefore, proficiency and accuracy in keyboarding is your first foundational course to all other computer classes. This course provides an introduction to fundamental keyboarding techniques such as finger position and movement, increasing speed, and reducing errors. Without this course, or a typing speed of at least 20 wpm, you will not be prepared for any other computer class.
$190.00 CEU 1.6 Hrs: 16
50348 North TR
Sep. 7 - Sep. 16 6-10 p.m.
50370 Central S
Sep. 18 - Oct. 9 8:30 a.m. - 12:30 p.m.

Business Applications
Basic Business Applications
ITSC 55045
Prerequisite: Windows for the desktop or equivalent knowledge. Note: Textbook is required; flash drive is recommended.
Learn the commonalities of the Microsoft Office Programs and practice using the basic features of Windows, Microsoft Word, Excel, and PowerPoint programs.
$420.00 CEU 3.2 Hrs: 32
50369 Central TR
Sep. 21 - Oct. 14 6-10 p.m.
50357 South S
Oct. 2 - Nov. 20 8:30 a.m. - 12:30 p.m.
Excel - One Day
ITSW 55002
Prerequisite: Basic computing skills.
Note: Textbook is required; flash drive is recommended.
In this fast-paced course, you will create and edit basic Microsoft Excel worksheets and workbooks. You will learn to create basic formulas and perform basic calculations. You will learn to format worksheets and cell content, and then you will learn how to create charts using worksheet data. In addition, you will explore line charts and pie charts and learn how to display trend lines of your data on your charts.

$155.00  CEU 0.7  Hrs: 7
50352  North  F
Sep. 10  8:30 a.m. - 4:30 p.m.
50371  Central  F
Sep. 24  8:30 a.m. - 4:30 p.m.
50355  South  F
Oct. 1  8:30 a.m. - 4:30 p.m.

Excel One Day-Advanced
ITSW 55065
Prerequisite: Excel One Day Intermediate or equivalent knowledge. Note: Textbook required; flash drive required.
In this course, you will extend your knowledge into some of the more specialized and advanced capabilities of Excel by automating some common tasks, applying advanced analysis techniques to more complex data sets, collaborating on worksheets with others, and sharing Excel data with other applications.

$155.00  CEU 0.7  Hrs: 7

Excel: One Day-Intermediate
ITSW 55026
Prerequisite: Excel One Day or equivalent knowledge.
Note: Textbook is required; flash drive is recommended.
In the first course in this series, Excel - One Day, students gained all the basic skills needed to create, edit, format, and print basic spreadsheets. This continuation provides the next step: to apply conditional formatting and manage multiple-sheet workbooks. In this fast-paced course, students will use Microsoft Office Excel to enhance spreadsheets with templates, charts, graphics, and advanced formulas.

Certified Nurse Aide

Certified Nurse Aide Training
NURA 55006
Prerequisites: Immunizations/titers as per TX Admin Code website at: http://bit.ly/TXimmunizations and background check through Precheck. Note: Clinical scrubs are required. Co-requisites: CNA Clinical and BLS CPR. Required textbook for CNA is available at the SJC bookstore. Additional Note: No GED/HS diploma required. Students 16-17 are eligible for certification by the Texas Health & Human Services, Nurse Aide Training program. Parental waiver is required if under 18.

Enter the field of nursing by becoming a Certified Nurse Aide. This class will teach you the skills, knowledge and abilities to care for patients of long-term care facilities. You will learn how to provide safety and preventive measures in the care of patients as well as how to function as a member of the health care team. You will be prepared for entry-level employment in long-term care facilities, hospitals, and doctor’s offices. Includes 80 hours of clinical practice (ten 8-hour days). “This course of study prepares candidates to be certified. After completion of the class, you will be eligible to take the State of Texas Certified Nurse Aide Certification Exam. Candidates become “Certified” by passing the required certifying agency exam. Certification fee is not included in the cost of the course.

Emergency Health

CPR for Healthcare Providers
EMSP 55008
Prerequisites: Student must arrive at class on time with textbook. Late students or students without books will be sent home. Students sent home for these reasons will NOT be transferred to another class or receive a refund. The cost of the textbook is NOT included in the course cost. Ebook can be purchased at https://shopcpr.heart.org/blsprovider-manual-ebook. NOTE: Requires own tablet or mobile device.
This CPR course is for health care providers and professional rescuers. It will meet the requirements for initial certification and recertification for industrial rescue workers, nurses, nursing students, EMTs, and other allied health professionals involved with patient care. The class will include the use of Automated External Defibrillators (AEDs), and provide the lifesaving skills for respiratory and cardiac emergencies involving adults, children, and infants. Successful completers will receive an American Heart Association (AHA) certification. The certification card for this course is titled Basic Life Support. The card is electronic and will be provided within 72 work-week hours.

Certified Occupational Safety Specialist-COSS
OSHT 55016
Prerequisite: None. Note: Materials are provided.
This course is designed to build core competencies in the field of safety for adult learners. COSS is a highly intensive, highly interactive course that focuses on providing individuals who are responsible for safety, the tools and techniques they need to make safety work for them. This is a challenging class requiring study time outside of the classroom hours.

OSHA 10-Construction
OSHT 55026
Prerequisite: None.
This course teaches the recognition, Avoidance, abatement and prevention of safety and health hazards in the construction workplace. The course also provides information regarding workers' rights, employer responsibilities and how to file a complaint. Course is designed to help workers stay up-to-date with their OSHA safety requirements.

* $125.00  CEU 1.0  Hrs: 10

Advanced Cargo Handling & Stowage
MARS 55000

Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.

USCG STCW approved, this course will cover the principles of materials handling and their application to the movement of marine cargoes, safe cargo operations, certification of cargo gear, stresses on cargo gear, mathematical calculations of safe and efficient cargo stowage, de-humidification units, and prevention of moisture damage due to cargo and ship sweat. In addition, this course will examine ship stability and trim and the practical application of these principles in the loading of vessels carrying break bulk, bulk and container cargoes. A container loading project will be completed involving computing stowage, trim, KG, GM, and LCG. The objective of this course is to provide students with the detailed knowledge to support the training outcomes related to Cargo Handling and Stowage at the Management Level and in doing so, satisfy company, national, and international regulations for candidates for certification as master or Chief Mate.

Advanced Fire Fighting
VFFT 55000

Prerequisite: USCG-approved Basic Fire Fighting.

Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.

This course of instruction is designed to provide a training experience that combines formal classroom instruction with practical exercises, hands-on shipboard firefighting procedures and tactics, practical training, and assessment. Each student who successfully completes this course will have gained practical knowledge of how to conduct and execute shipboard firefighting procedures and tactics. The course is open to mariners who should have previously completed the training required for Fire Prevention and Fire Fighting (Basic Fire Fighting) to the standards set forth in: Section A-VI, Table A VI/1 2 of the STCW Code and 46 CFR 11.202(b)(2) for Basic Safety Training prior to the attendance of the Advanced Fire Fighting training. There are no educational requirements. The mariner must be in good health. The student should have the agility, strength and flexibility to maintain balance on a moving deck, rapidly don firefighting personal protection equipment, handle physical labor, climb vertical ladders, handle moderate weights (from 30 to 60 pounds), and haul/move 50 to 100 foot lengths of charged fire hoses. Pursuant to National Maritime Center Policy Letter 11-02.

Advanced Fire Fighting Refresher  
VFMT 55001

Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.

This course is to meet the requirements of Advanced Fire Fighting Refresher training requirements of 46 CFR 11.201(h)(1) and 11.303(e) while providing our personnel and the required firefighting training at an easily accessible and convenient location. This syllabus covers the requirements of the Standards of Training Certification and Watchkeeping as amended Chapter VI, Section A-VI/3 and Table A-VI/3. On meeting the minimum standard of competence in Advanced Fire Fighting, a trainee will be competent to control fire-fighting operations aboard ships, organize and train fire parties, inspect and service fire-detection and fire extinguishing systems and equipment, and investigate and compile reports on incidents involving fire.

Advanced Meteorology  
SCIT 55000

Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.

This course encompasses the following: the earth-atmosphere system, weather elements, atmospheric thermodynamics, wind systems, cyclones and anti-cyclones, air masses, fronts, middle-latitude cyclones, violent local storms, tropical storms, the synoptic weather map, weather service for merchant shipping, weather forecasting, ocean waves, sea ice and ice accretion, weather map construction and analysis, optimum ship routing utilizing the prevailing and projected weather conditions to advantage, weather routing to avoid adverse conditions, and practice of practical shipboard reporting procedures. Forecasting and hurricane avoidance techniques. Students will be able to understand and interpret synoptic charts and forecast area weather. This syllabus covers the requirements of the 1995 STCW Convention Chapter II, Section A-II/2. This functional element provides the detailed knowledge to support the training outcomes related to the Navigation at the Management Level. Any applicant who has successfully completed this 40-hour Advanced Meteorology course will satisfy the Advanced Meteorology training requirements for STCW certification as Master or Chief Mate on vessels of 500 or more gross tonnage (ITC). The practical assessments in this course will be accepted as the equivalent of the following assessments from the National Assessment Guidelines for Table A-II/2 of the STCW Code: M-6-1A; M-6-2A. Applicants who have successfully completed your course need not present completed Control Sheets for these assessments in application for STCW certification.

Advanced Stability
MARS 55006
Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.
USCG STCW approved. Trainees will become proficient in stability and trim theory and its practicable applications. The course objectives are also aimed at providing the ship's senior officers with the knowledge and competence sufficient to make full use of the stability booklet required for a vessel by 46 CFR 170.110. This course requires the trainee to have a fundamental understanding of basic stability and trim theory, as well as basic math and trigonometry.

Cargo Handling (Op Level)  
LMGT 55010  
Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.  
USCG STCW approved, this course will satisfy the candidate with reliable knowledge of technical principles of sea transport of cargo and skills in the assessment of cargo securing arrangements. Also covered are the duties undertaken by the deck watch while loading and discharging cargo in port and the care of cargo in transit. Subjects include inspection and preparation of holds, cargo segregation, securing cargo, cargo handling equipment and safety, confined space entry, and an overview of ship types (tankers, bulk carrier, container, etc).

Celestial Navigation  
MARS 55008  
Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.  
USCG STCW approved, this course covers the most common forms of position fixing by celestial bodies. Subjects include the study of celestial bodies; their locations and apparent motion relative to an observer on Earth; their ephemeris elements of the celestial sphere; concepts and use of time, including predictions of celestial phenomena, nautical astronomy, sextant and altitude correction, sight reduction, and lines of position; meridian transits; time of sunrise, sunset, and noon; star identification and selection; sailings; and ocean route planning. The course will encompass celestial theory derived from qualitative and quantitative analysis of the combined coordinate systems for reductions
of celestial observations to lines of position. Celestial observations will be used to determine compass error. Studies will also involve practical application through the use of the sextant, azimuth ring, alidade, and other standard shipboard equipment and publications. Course is designed to enable the applicant to calculate and plot celestial observations to determine the vessels position, determine gyro and compass error by celestial observations, and determine the vessels position using terrestrial navigation practices. The objective of the course is to provide students with the detailed knowledge to support the training outcomes related to celestial navigation at the operational level and, in doing so, satisfy company, national and international.

DDE 1000/4000 HP
MARS 55010

Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.

This four-week USCG-approved course provides limited HP designated duty engineer candidates practical knowledge and training in all phases of off-shore supply and towing vessel engine room operations in preparation for licensing. Topics covered include engine room safety, tools and supplies, piping system hardware, miscellaneous piping systems, pollution abatement equipment, vessel habitability and fluid power systems, and electricity generating and diesel propulsion plants. Emphasis is placed on theory of operation and arrangements, monitoring procedures and conducting of machinery space rounds, inspections and record keeping, and engine room operating procedures.

Electronic Chart Display Information System (ECDIS)
MART 55005

Prerequisite: Previously passed USCG-approved RADAR class. Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.

This course is designed for mariners employed on vessels equipped with modern ECDIS navigation systems. The course is also of value to individuals who require a knowledge of electronic navigation and charting procedures. Trainees undertaking this course should have some formal instruction in terrestrial navigation and preferably have at minimum some familiarization with visual navigation, have accomplished a period of supervised bridge watch-keeping duties, and have prior completion of basic radar/ARPA. Trainees should also have familiarization with personal computing operating systems, keyboards and mice, and/or trackballs. Pursuant to National Maritime Center Policy Letter 11-02.

Global Maritime Distress and Safety Systems (GMDSS)
MARS 55004
Prerequisite: AB, Mate, or Master's License.
Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.
This course framework requires a little knowledge of maritime radio communication practice but a working knowledge of English as a second language. Elementary computer skills are assumed in the recommended course timetable. Candidates are assumed to have basic computer skills to participate in the course. However, additional computer skills training will be required by candidates without any basic proficiency in the use of computers. All students must have at least one year experience as a member of a navigational watch on the bridge of oceangoing vessels or service as a licensed Radio Officer or Engineer. Cadets or candidates for U.S. Coast Guard licenses must be members of a formal training program such as at a state or Federal Maritime Academy or have acquired equivalent experience and basic communications training as a prerequisite for this course. The course shall be taught in English. If a student speaks the course language as a second language, he or she shall demonstrate total fluency, both written and oral, of GMDSS technical terms in the language used in teaching the course. Candidates desiring the license must submit their completed application package to the appropriate U.S. Coast Guard Regional Examination Center for evaluation as prescribed by applicable regulations and policies. Candidates need not be approved by the U.S. Coast Guard prior to participating in this course. However, a photo ID is required. Pursuant to National Maritime Center Policy Letter 11-02 appropriate photo identification is required for enrollment into a USCG-approved course.

Personal Survival Techniques
(BST Part 3)
MART 55014
Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.
The course is open primarily to entry-level mariners and preferably should be given before they take up employment in sea going vessels. There are no educational requirements. The mariner must be in good health. The student should have the agility, strength, and flexibility to maintain balance on a moving deck, rapidly don an exposure suit, handle physical labor, climb vertical ladders, and handle moderate weights (from 30 to 60 pounds). Pursuant to National Maritime Center Policy Letter 11-02, appropriate photo identification is required for enrollment into a USCG-approved course.

RFPEW
MARI 55002

Any applicant who successfully completed your Rating Forming Part of an Engineering Watch Motor Assessments Only (SANJCC-746) course, including specific practical assessments from the Guidelines for Qualification for STCW Endorsements as Rating Forming Part of an Engineering Watch, NVIC 07-14 will satisfy the assessment requirement of 46 CFR 12.609(a)(3) and Table A-III/4 of the Seafarers’ Training, Certification and Watchkeeping (STCW) Code, as amended, 2010, Specification of Minimum Standard of Competence for Ratings Forming Part of an Engineering Watch. Applicants using this approval to apply for endorsement as RFPEW-Motor Only must document at least 60 days of seagoing service that involves experience associated with engine room functions and involves the performance of duties carried out under the direct supervision of an engineer officer or a qualified STCW rating. Those specific TASKs performed in the course are considered equivalent to those of NVIC 07-14, and are: 1.1.A; 1.1.B(M); 1.1.C; 1.1.D; 1.1.E; 1.1.F; 1.1.G; 1.1.H(M); 1.1.H(M/G); 1.1.I(M); 1.1.J; 1.1.K1.2.A; 1.2.B; 1.2.C; 1.2.D; 1.2.E; 1.2.F; 1.3.A; 1.3.B; 1.3.C; 2.1.A; 2.1.B; 2.1.C; 2.2.A; 2.2.B; 2.3.A; 3.1.B; 4.1.A; 4.2.A; 4.2.B. Applicants who have successfully completed your course need not present completed “Control Sheets” for these assessments in application for STCW certification.

Removal of the Motor Only limitation shall be satisfied by submission of the following completed TASKs from NVIC 07-14: 1.1.B(S); 1.1.B(G); 1.1.H(S); 1.1.I(S); 1.1.I(G); 3.1.A; 3.1.C; 3.1.E; 3.1.F; 3.1.G; 3.1.H; and 3.1.

Radar Observer-Inland
MART 55007
Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.
This course is open to and principally intended for candidates for certification as operators or officers in charge of a navigational watch. Prior to enrolling in this course, the trainee should have completed at least one year at sea and preferably have gained some experience in bridge watch-keeping. The course would also be of value to others using radar for example, those working harbor craft, patrol launches, and training vessels, in which case the entry standards may be adjusted to suit the particular circumstances. However, the trainee background for each course should be similar. Pursuant to National Maritime Center Policy Letter 11-02, appropriate photo identification is required for enrollment into a USCG-approved course.

Radar Observer-Unlimited
MART 55008
Prerequisite: Previously passed USCG-approved Masters License class. Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.
Each student who successfully completes this course will gain the knowledge and understanding of the aspects covered, including the theory necessary for an understanding of how radar information is obtained and displayed. In addition, an understanding of the limitations and accuracy of radar information, the formation and recognition of unwanted responses. The correct use of radar operational controls and adjustments to obtain an optimal display and checks on radar set performance are emphasized. This course is open to and principally intended for candidates for certification as operators or officers in charge of a navigational watch. Prior to enrolling in this course, the trainee should have completed at least one year at sea and preferably have gained some experience in bridge watch-keeping. The course would also be of value to others using radar for example, those working harbor craft, patrol launches, and training vessels, in which case the entry standards may be adjusted to suit the particular circumstances. Vessel & Company Security Officer
MART 55000
Prerequisite: 90 days seatime. No prerequisite requirement for CSO. Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.
It is assumed that those attending this course are U.S. Coast Guard-credentialed mariners who are employed (or are to be employed) by a vessel owner or operator and who are likely to be designated as Vessel Security Officer (VSO). Trainees must be 18 years of age or older and able to speak and understand the English language as would be relevant to the duties of a VSO. Training providers are responsible for verifying that these conditions are met before accepting candidates for training. However, no specific entry requirements are contemplated. All trainees must be certified by a doctor to be in good health. Although the course is designed with the professional mariner in mind, it remains open for anyone simply wishing to expand his or her maritime knowledge. Candidates desiring the endorsement must submit their completed application package to the appropriate U.S. Coast Guard Regional Examination Center for evaluation as prescribed by applicable regulations and policies. Candidates need not be...
approved by the U.S. Coast Guard prior to participating in this course. However, a Photo ID is required Pursuant to National Maritime Center Policy Letter 11-02 appropriate photo identification is required for enrollment into a USCG-approved course.

Watchkeeping (Operational Level)
MARS 55028

Note: It shall be the policy of this school that all students provide appropriate photo identification upon enrollment.

This course will satisfy the Watchkeeping and SMCP training requirements of 46 CFR 11.309(a)(4)(ix) for an STCW endorsement as Officer in Charge of a Navigational Watch on vessels of 500 or more gross tonnage (ITC) and 46 CFR 11.319(a)(4)(iii) for an STCW endorsement as Officer in Charge of a Navigational Watch on vessels of less than 500 gross tonnage (ITC). The following practical assessments performed during this course have been determined to be equivalent of National Assessment Guidelines Tasks, as documented in NVIC 12-14 (Ch-1) Guidelines on Qualifications for Officer In Charge of a Navigational Watch on Vessels of 500 GT or More: 2.1.A - 2.6.A and 7.1.A.

Child Development

CDA Training I
CDEC 55008
Note: Textbook is required.
This course is based on the requirements of the Child Development Association credential (CDA). Topics include CDA overview, observation skill, and child growth and development overview. The four functional areas of study are creative, cognitive, physical, and communication. It provides educational training for persons interested in teaching young children and/or directing child care centers (CDEC 1417).

English Communication Skills

ESL-Advanced A
COMG 55072
Prerequisite: Pre-assessment required.
Note: Textbook and workbook are required. If age 17, parental or guardian consent is required.
This course is designed for the students to focus on comprehending challenging materials for the workplace or for academic success. This level will prepare the student with the skills to determine meaning from written text, identify word forms and variation in meaning, synonyms and antonyms, context clues, connotation and denotation, and fact and opinion. It is designed for advancing students into higher level English language skills. This is the seventh class in our sequence of "Everyday English" language instruction.
$175.00   CEU 3.2   Hrs: 32

ESL-Advanced B
COMG 55073
Prerequisite: Pre-assessment required.
Note: Textbook and workbook are required. If age 17, parental or guardian consent is required.
This course is designed for the students to focus on comprehending challenging materials, texts, or practical discussions for fluency in the English language. This is the eighth class in our sequence of Everyday English language instruction. After the completion of this class, the students will transition into either the LEAP or STEP courses. LEAP and STEP courses are ESL-specialized programs focused on workforce or academic ESL in preparation for college credit classes.

### ESL-Beginning A
**COMG 55074**

**Prerequisite:** Pre-assessment preferred but not required.  
**Note:** Textbook and workbook required. If age 17, parental or guardian consent is required.

Designed for students whose primary language is other than English, this course presents industry-related basic reading, writing, speaking, and listening skills. The emphasis is on high-frequency vocabulary (basic sight words) and phonics, refining oral and written production, assisting with listening skills for enhanced job productivity, and increasing the control of the English sound system to minimize on-the-job miscommunication or misinterpretation due to foreign accent. This is the first class in our sequence of "Everyday English" language instruction.

### ESL-High Intermediate A
**COMG 55076**

**Prerequisite:** Pre-assessment required.  
**Note:** Textbook and workbook are required. If age 17, parental or guardian consent is required.

This level focuses on the improvement in reading and vocabulary/comprehension skills, as well as speaking, writing, and listening skills for job or academic success. The emphasis is on recognition and comprehension of idioms, analogies, antonyms and synonyms, and context clues. The interpretation of factual material and opinions associated with job-related and daily life communications is the focus of this course. This is the fifth class in our sequence of "Everyday English" language instruction.

### ESL-Beginning B
**COMG 55075**

**Prerequisite:** Pre-assessment required.  
**Note:** Textbook and workbook are required. If age 17, parental or guardian consent is required.

This is a continuation of Beginning English Level. The emphasis is on high-frequency vocabulary (basic sight words) and phonics, refining oral and written production, assisting with listening skills for enhanced job productivity; and increasing control of the English sound system to minimize on-the-job miscommunication or misinterpretation due to foreign accent. This is the second class in our sequence of "Everyday English" language instruction.

### ESL-High Intermediate B
**COMG 55077**

**Prerequisite:** Pre-assessment required.  
**Note:** Textbook and workbook are required. If age 17, parental or guardian consent is required.

This is a continuation of the high intermediate English Level. This course focuses on the improvement in reading and vocabulary/comprehension skills, as well as speaking, writing, and listening skills for job or academic success. This is the sixth class in our sequence of "Everyday English" language instruction.

ESL-Intermediate A
COMG 55078
Prerequisite: Pre-assessment required.
Note: Textbook and workbook are required. If age 17, parental or guardian consent is required.
This intermediate course will provide a communicative English practice. Students will learn to match vocabulary words with their respective definitions when terms and definitions are presented in writing. Students will learn to select the correct meaning of a word based on the context of the word and give examples of the pronunciation, meaning, and part of speech of vocabulary words that relate to work or everyday life activities. This level will provide the student with skills to summarize the main idea in writing. This is the third class in our sequence of "Everyday English" language instruction.

Test Preparation

GED Preparation Tutorial
NFND 59002
Note: Textbook and Texas Instruments TI 30 XS Multi-View calculator are required. GED registrations are accepted in person only. Photo ID (with date of birth) or birth certificate must be presented. The student must be age 18 or older. If you are 16, you must have a court order from a judge; also, you must have been withdrawn from high school for at least six months and not be a high school graduate. If you are age 17, parental or guardian consent is required; also, you must have been withdrawn from high school for at least six months and not be a high school graduate.
The longer GED preparation series allows for a greater focus on subject matter than the traditional GED review. Subject matter is covered at a slower pace and a more in-depth level than the GED review. The series includes mathematics, social studies/science, and language arts. Take each course separately or as a series.

$455.00   CEU 9.6   Hrs: 96
50294   Central   MTWR
Sep. 13 - Nov. 4   6 - 9 p.m.

GED Preparation: Math
NFND 59003
Note: Textbook and Texas Instruments TI-30 XS Multi-View calculator are required. GED registrations are accepted in person only. Photo ID (with date of birth) or birth certificate must be presented. The student must be age 18 or older. If you are 16, you must have a court order from a judge; also, you must have been withdrawn from high school for at least six months and not be a high school graduate. If you are age 17, parental or guardian consent is required; also, you must have been withdrawn from high school for at least six months and not be a high school graduate.
This course is ideal for GED applicants who need more intense review in math including those who will be learning some mathematical concepts for the first time. The math preparation includes test-taking techniques.

$200.00   CEU 3.6   Hrs: 36
50296   Central   MTWR
Sep. 13 - Sep. 30   6 - 9 p.m.

GED Preparation: Language Arts
NFND 59005
Note: Textbook is required. GED registrations are accepted in person only. Photo ID (with date of birth) or birth certificate must be presented. The student must be age 18 or older. If you are 16, you must have a court order from a judge; also, you must have been withdrawn from high school for at least six months and not be a high school graduate. If you are age 17, parental or guardian consent is required; also, you must have been withdrawn from high school for at least six months and not be a high school graduate.
For GED applicants who have yet to complete the language arts portion of the test, this course is ideal for GED candidates who need more intense preparation and practice in reading and writing. The Language Arts preparation includes test-taking practice.

$200.00   CEU 3.6   Hrs: 36
50295   Central   MTWR
Oct. 4 - Oct. 21   6 - 9 p.m.

GED Preparation: Social Studies/Science
NFND 59004
Note: Textbook is required. GED registrations are accepted in person only. Photo ID (with date of birth) or birth certificate must be presented. You must be age 18 or older. If you are 16, you must have a court order from a judge; also, you must have been withdrawn from high school for at least six months and not be a high school graduate. If you are age 17, parental or guardian consent is required; also, you must have been withdrawn from high school for at least six months and not be a high school graduate.
For GED applicants who have yet to complete the social studies and science portions of the test. This course is ideal for GED candidates who need more intense tutoring and practice. Like the traditional GED preparation class, test-taking preparation is included.

**Cake Decorating 3:**  
*Gum Paste and Fondant*  
NFND 59299  
*Prerequisite: Wilton Course 1. Note: Wilton textbook required (available in San Jacinto College bookstore prior to class starting).*  
Develop your skills working with fondant and gum paste, and apply them to create shapes, borders and flowers. You’ll also learn how to cover a cake with fondant. Plus, you’ll design and create a complete project using all the techniques you were taught. You will also learn to create different types of bows and flowers, including the calla lily, rose and carnation.

Wedding Cake Workshop
NFND 59361
This is the foundation for all wedding cake decorations. Successful decorating begins with the basics of organizing ingredients and supplies, baking the cake, preparing it for decoration, making the icing and learning how to use decorating tools. Begin with intricate accents such as embroidery and lace.

Financial Management
First Time Homebuyers
NFND 59246
The first time homebuyers class takes you through the home-buying process step by step. This course discusses the steps in buying a home from shopping for a home, obtaining a home mortgage, properly insuring the home, closing the sale and maintaining the house. This class meets the requirements for down payment assistance established by the City of Houston, Harris County and SETH (South East Texas Housing). Each participant receives a certificate of completion at the conclusion of the class.

Martial Arts
NFND 59036
Prerequisite: None. Note: Textbook required.
This class is affiliated with the Aikido World Alliance. Certified rank promotion and testing are available through this class. Classes are coed, and anyone in reasonably good health can participate. No uniforms are required for the class. Instructor is certified through the Aikido World Alliance. This martial arts course is open to beginners as well as experienced martial arts students. No prior experience is necessary, only the desire to learn. The class is a great way to learn a non-competitive self-defense Japanese Martial Art. Warm-up exercises, throws, pins, basic Aikido history, theory, and tradition are taught. Emphasis is on movement, stress control, and self-defense. You will learn how to redirect an attacker’s strength and momentum as a way to effectively deal with an aggressor. Male or female, big or small, anyone in reasonably good health or physical condition can participate and benefit from this Aikido class (PHED 1140).

Pilates
NFND 59609
Note: Wear comfortable clothing and bring a yoga/pilates mat if available.
Created by Joseph Pilates over a century ago, this discipline helped him to successfully cope with childhood asthma and bodily weakness. Joseph became a boxer, diver, skier, gymnast, and yoga devotee. Later, he dedicated his life to developing the Pilates method of exercise. Pilates is centered on building a good foundation through a strong abdomen, deep stretching, and focused breathing. The many benefits include, Increased Body Awareness, Development of a strong body core, and Body control. Today, Pilates experts teach that a strong core is necessary to avoid being injury-prone and susceptible to the pitfalls of our daily occupational or exercise routines.

Reiki 1 - Intro to Reiki
NFND 59591
Note: Textbook is required.
This class consists of 11 hours of instruction and practice. It focuses on meditation, Reiki foundations, level 1 attunement and basic hand positions to promote relaxation and wellbeing. According to the International Center for Reiki Training, Reiki is a Japanese technique for stress reduction and relaxation that promotes health. It is based on the principle that an unseen "life force energy" flows through us. If one’s "life force energy" is low, then we are more likely to get sick or feel stress, and if it is high, we are more capable of being happy and healthy. Reiki is a simple, natural and safe method that everyone can use. Recent research studies are finding evidence of the benefits of Reiki to improve overall wellness. For this reason, prestigious institutions such as the Cleveland Clinic offers Reiki as a complementary service to patients. Reiki assists the whole person including body, emotions and mind creating a beneficial environment that promotes feelings of peace, security and happiness.

Online Learning

Partnership with Education to Go
Online learning anytime, anywhere…just a click away!

How to Get Started: Please review the list of available online courses at www.Ed2Go.com/sanjac. After selecting your course(s), please contact your nearest CPD registration office to request your class to be created. You must make payment for all CPD classes the same day you register. If you have questions about payment arrangements, please ask your registration specialist at the time of registration.

Once you have completed the registration process with San Jacinto College, you will need to access www.ed2go.com. Locate the course title that you registered for and click “Add to Cart.” Once you have chosen the desired start date, click “Begin Checkout.” If you have never taken an online class, please click “Create Account” and follow the prompts to create a new login. Returning students will login with their previous usernames and passwords.

After the login process, choose the “Already Paid” option as you have already made your required payments to San Jacinto College. You will then have the option to click on the blue highlighted link to complete the orientation process, granting you access to the classroom.

When your class begins, return to the Online Instruction Center and simply click on the “My Classroom” tab at the top of the page. To begin your studies, simply login with the username and password you selected during orientation.

General Requirements: All courses require internet access, email, and Microsoft Internet Explorer or Firefox web browsers. Some courses may have additional requirements. Please visit our Online Instruction Center for more information on any of our Ed2Go classes. Call your nearest CPD office to register and pay for your online class!

Requirements for computer/software courses: Internet access, email, Microsoft Internet Explorer or Firefox web browser, and the Adobe Flash and PDF plug-ins (two free and simple downloads you obtain at www.adobe.com/downloads by clicking Adobe Acrobat Reader and Adobe Flash Player under "Download" at the bottom of the page). You must have your own personal copy of any software required in the course. Software must be installed and operational on your personal computer before the course begins.

To Register: Call 281-542-2020
How to Contact Us
Continuing and Professional Development (CPD) offices are at each San Jacinto College campus:

Central Campus: 281-542-2020, Room C1.128, Interactive Learning Center (Building 1), 8060 Spencer Hwy., Pasadena, TX 77505

North Campus: 281-542-2020, Room N12.212, Slovacek Student Center (Building 12), 5800 Uvalde Road, Houston, TX 77049

South Campus: 281-542-2020, Room S8.1403, Academic Administration (Building 8), 13735 Beamer Road, Houston, TX 77089

Office hours at all campuses are:
Mon-Thurs: 8 a.m. - 6:30 p.m.
Fri: 8 a.m. - 4:30 p.m.

Información General
Para adquirir información en español sobre los programas, llame a los siguientes números:

Campo Central: 281-542-2020
Campo Norte: 281-542-2020
Campo Sur: 281-542-2020
y pida que se le envíe ésta información.

Registration Is Easy
You can register at any time for most CPD classes. There are normally no special registration days. Registration is accepted in person (photo identification required) or web/online (for those who have previously enrolled in credit or non-credit classes at San Jacinto College). If a course has a prerequisite, you may be required to show proof of completion and will need to register in person. Inquire early about any classes you are interested in taking since all classes have limited enrollment and some classes fill very quickly. Please register no later than three business days prior to the first class date. Unless otherwise stated in the course description, the minimum age for independent participation in CPD courses is 18.

Phone Registration
To register by phone, please have the student’s personal information and all course information when you call. For hours, see preceding “How to Contact Us” section.

Central, North, and South Campuses: 281-542-2020

Fax or Email Registration
Fax or email your completed registration form at any time. A blank registration form is in this schedule. Fax and email access are available 24 hours a day. Registration forms can be received any time but will not be processed until normal office hours.

Central Campus Fax: 281-476-1833
North Campus Fax: 281-459-7196
South Campus Fax: 281-922-3422
Email: registration.cpd@sjcd.edu

In-Person Registration
Identification is required. / Se require ID al registrarse en persona.

Visit our offices at the following locations:
Central Campus: 281-542-2020, Room C1.128, Interactive Learning Center (Building 1), 8060 Spencer Hwy., Pasadena, TX 77505

North Campus: 281-542-2020, Room N12.212, Slovacek Student Center (Building 12), 5800 Uvalde Road, Houston, TX 77049

South Campus: 281-542-2020, Room S8.1403, Academic Administration (Building 8), 13735 Beamer Road, Houston, TX 77089

Payment
To complete registration for a course, payment must be made at the time of class selection, regardless of method of enrollment. Non-payment will result in an automatic withdrawal from the selected class(es). The College accepts Visa, MasterCard, Discover, American Express, and web checks (must be an individual checking or savings account). The College assesses a $30 processing fee for each stopped payment or returned check. Debit cards must have a Visa or MasterCard logo; cash is also accepted. Payment may be made in person at the campus business office or online at www.sanjac.edu by accessing the SOS system (“Student Services’ tab and then "Academic Resources” column).

To register at Central, North, or South Campus, call 281-542-2020.
Web Registration
Go to noncredit.sanjac.edu.

Each course schedule will show only available classes in that instructional area. Begin your registration by selecting one of the course schedules: Aerospace Academy; Applied Technologies & Trades; Business Operations, Supply Chain Management, & Entrepreneurship (BOSE); Center for Petrochemical, Energy, & Technology; Community Engagement; Computers/IT Training; Edge Center; Education; Health Occupations; Life Long Learning; and Maritime.

How to Search for Courses: Use the search feature at the top of the page by entering keyword for the course or a five digit course registration number (CRN). Select the search icon for a list of available courses.

How to Register and Pay:

Step 1: Select the course(s) you would like to attend by clicking on the + sign within the course box or the "Add to Cart" button.

Step 2: Select "Add to Cart," and you will have a chance to view the selected courses. Select the checkout button.

2a: The first time you sign in with an existing G#, select "Forgot Password?" to create a password and security questions for this software. If you are still encountering difficulties logging in, please contact tech support at 281-998-6137 for further assistance. Please make changes under the “My Profile” down arrow if any of your personal information, such as address or phone number, has changed.

2b: You can create an account to obtain a San Jacinto College student ID (G#) if you do not have one by using “I am a new user.”

Write down the new ID and password and store in a secure place.

Step 3: Select “Proceed to Payment,” which displays the registration disclosure. Accept the registration disclosure to continue. Click “Proceed to Payment,” then select “Submit Payment” to enter credit card or electronic check information. A “Proceed to Payment” box will appear letting you know that you are going to a secure external payment site. Select "Continue." Payment will need to be made in full. If you would like to set up a payment plan, please contact the registration office at 281-542-2020.

Step 4: Enter credit card or electronic check information.

Step 5: Select “Submit Payment.”

Student Web Payment Process
Prior to accessing the SOS login screen, you must be admitted and/or registered for your class(es). This is for in-person registrations only.

- Access the San Jacinto College website at www.sanjac.edu and go to the SOS Login under "Student Services" tab and then "Academic Resources" column.

- First enter your user ID# (student ID number G00XXXXXX).

- New student: If you have never claimed your account or set up a password for SOS, please click the highlighted text to claim your account. If you need assistance retrieving your login information, please contact tech support at 281-998-6137.

- Current student: You will need your student ID (G00XXXXXX) and your password to access SOS.

To Make a Payment on a Student Account:

Step 1: Select “My Student Records, Registration, and Financial Aid.”

Step 2: Select “My Registration.”

Step 3: Select “Step 6: Review your changes and make a payment.”

Step 5: Select "Student Account Suite" (another webpage will open after selecting this option).

- CPD students must make payment at the time of registration.

- You can view the refund policy from this screen.

- Classes at least four weeks long are eligible for a convenient payment plan (CPP). Payment plans can be set up by selecting this payment option and entering your information by following the directions given.

Step 6: Select “Make a Payment.”

Step 7: Select “Pay” (please verify the class fees before paying).
**Step 8:** Select “Payment Method,” then select the “Go” button.

**Step 9:** Process payment according to online directions. Please verify that all of your information is correct before you submit your payment. Once processed, please print out the confirmation page for your records.

If you have any problems or questions, please contact your CPD registration office or the campus business office.

**Convenient Payment Plan (CPP)**

Convenient payment plans are available to CPD students under the following guidelines:

1. The length of the course section must be a minimum of 30 calendar days.
2. Two plans are available: one for classes four to seven weeks long, the other for classes eight to 16 weeks long. There will be a prorated $25 service fee over all installments (including the down payment) for the CPP.
3. For a four- to seven-week class, the student will pay half the total charges as a down payment (which includes half of the $25 service fee). The other half is due 30 days after the set-up date for the CPP. If this date falls on a weekend or College closure, the student is responsible to pay either online by the due date or the previous business day at any campus business office.
4. For an eight- to 16-week class, the student will pay half the total charges as a down payment (which includes one third of the $25 service fee). The other half is due in two equal installments 30 and 60 days after the set-up date for the CPP. If these dates fall on a weekend or College closure, the student is responsible to pay either online by the due date or the previous business day at any campus business office.

The student will be assessed a $25 late payment fee for failure to pay on or before the prescribed payment due dates.
5. A student will be limited to only one CPP.
6. Failure to make all payments may result in the CPP being forwarded to the collection agency of the College and subject to additional collection fees.

*Please note: If you have an academic IPP, you will be unable to set up a continuing education CPP plan. Only one type of plan may be set up for payment.*

To register at Central, North, or South Campus, call 281-542-2020.
Cancelled Classes
If San Jacinto College cancels a class, a 100 percent tuition refund is automatically processed for students who do not choose to transfer to another available class. CPD personnel will make every attempt to contact you using contact information you have provided if a class cancels. Please make sure we have a valid daytime phone number on file. You may also inquire by calling your respective campus or by logging onto the SOS system on the College website: www.sanjac.edu.

Transfer Requests
Students may request a transfer into another available section prior to the first class date of the course for which they are registered. Transfers are considered only on an available seat basis.

Transcript Requests
Most CPD courses earn Continuing Education Units (CEUs), which are reported as part of your permanent student record. Unofficial transcripts may be obtained and printed by logging into your SOS account. You may request copies of your transcript in person or by mail by contacting one of the campus enrollment services offices. That office will need a completed transcript request form and a copy of your photo ID. For questions, call 281-542-2020.

Screening Requirements for Classes with Clinicals
A criminal background check and drug screen for phlebotomy courses are required before a student can participate in a clinical assignment. This is a requirement of all clinical facilities in the Houston/Gulf Coast area, as mandated by JCAHO (Joint Commission on Accreditation of Healthcare Organizations). The approximate cost of the screening is less than $60. Background check through Precheck.com is required at time of registration.

Linked Classes
Proof of meningitis vaccine is required for students 21 and under.

Classes labeled “Linked” are held with academic/credit classes but do not earn semester credit or transfer toward academic certificates or degrees. Enrollment into these courses is extremely limited and is on a space-available basis. Should the credit course completely fill, the concurrent/linked CPD course may be cancelled.* CPD students in linked academic classes may be required to take and pass the TASP/THEA. They are held to the same TASP/THEA performance standards and prerequisites required for semester-credit students. Additionally, the course costs may differ for the credit section.

* Courses that are linked with academic courses will adhere to the stated CPD refund policy.

To register at Central, North, or South Campus, call 281-542-2020.

Emergency Closings
Providing a safe and secure environment for our students, faculty, and staff is a top priority at San Jacinto College. In the event the College needs to close for any situation, such as inclement weather, students and employees should refer to email, text messages, and the College website at www.sanjac.edu. In addition, local television and radio stations may also broadcast bulletins announcing campus closings in emergency situations. Students and employees are encouraged to sign up for the SJC Alert Me system to receive voice and text messages in the event of a College closure. SJC Alert Me will provide San Jacinto College with another communication tool to keep students, faculty, and staff informed during threatening situations and weather-related closings. To receive voice and text messages, you must provide your home phone and/or cell phone number. There is no cost to sign up for this notification service. However, when the system sends a message to your personal phone, you are responsible for any charges from your phone service provider associated with receiving voice or text messages. For more information, visit www.sanjac.edu/alert-me.

IMPORTANT NOTICES
• Photo identification required for all in-person registrations. Se require ID para todas las registraciones en persona.

• Information contained in the schedule is subject to the policies and procedures of the San Jacinto College District and is subject to change without notice, including course pricing.

• All courses are taught in English, unless specified otherwise.

• Classes may be cancelled because of low enrollment.

• Instructors may be changed as conditions warrant.

• Room assignments and building locations may be changed as conditions warrant.

• Students must attend the class section for which they are registered.

• CPD staff and instructors provide information, not advice.

• San Jacinto College requires that its instructors not solicit business for personal gain in the classroom. Any business transaction resulting from a class is the responsibility of the student, not the College.
• Classes labeled “Linked” are held with academic/credit classes but do not earn semester credit or transfer toward academic certificates or degrees. Enrollment into these courses is extremely limited and is on a space-available basis. Should the credit course completely fill, the concurrent/linked CPD course may be cancelled.* Although CPD students in linked academic classes are TASP/THEA exempt, they are held to the same performance standards required for semester credit students. Additionally, the course costs may differ for the credit section.

* Courses that are linked with academic courses will adhere to the stated CPD refund policy.

• ESL assessments will not be started after 5 p.m. and are done in the CPD offices.

San Jacinto College will be closed this semester:

September 6, 2021 – Labor Day
November 24-28, 2021 – Thanksgiving
December 22, 2021 - January 2, 2022 – Winter Break

NO CLASSES WILL MEET ON THESE DAYS.
Campus Carry

Purpose

The purpose of this policy is to comply with the requirements of S.B. 11, which is generally referred to as the “campus carry” law, to allow the concealed carrying of handguns by license holders on the campuses of certain institutions. The policy grants permission for a valid Texas license to carry holder (LTC) to generally carry a concealed handgun on campus. The policy also identifies certain campus locations and activities that a valid LTC holder may be excluded from carrying a handgun due to previously existing Texas statutes or exclusion zones identified by the College.

Policy Statement

The San Jacinto Community College District is committed to providing a safe environment for students, employees, affiliates, and visitors and to respecting the right of individuals licensed to carry a handgun in the state of Texas. Individuals licensed to carry may do so on campus except in locations and at activities prohibited by law or by this policy. The carrying of any handgun by an unlicensed person or the open carry of a handgun is not permitted in any place at the College.

1. Individuals who hold a valid Texas license to carry a handgun (LTC), including a valid Texas concealed handgun license (“license holders”) may (1) carry a handgun on campus so long as the handgun is not in plain view, is on or about their person at all times, and is under their control (e.g., in purse, backpack, bag, etc.) or (2) secure their handgun in a locked motor vehicle. The carrying of an unconcealed handgun on campus is restricted to authorized law enforcement officers and other persons who may be designated by appropriate law enforcement agencies.

All other weapons are strictly prohibited for students, faculty, staff, and visitors; their possession on campus is grounds for immediate action by law enforcement. See Section 46.05 of the Texas Penal Code for a list of weapons.

A license holder’s handgun must be concealed at all times. In compliance with Texas Penal Code §46.035(a-1), a license holder may not carry a partially or wholly visible handgun on campus premises or on any college driveway, street, sidewalk or walkway, parking lot, parking garage, or other parking area. Anyone intentionally or knowingly displaying a handgun in plain view for others to see is in violation of Texas law.

A license holder must display his or her license to carry when directed by a law enforcement officer in accordance with section 411.205 of the Texas Government Code. Otherwise, an individual is not required to disclose whether he or she is a license holder in order to participate in any program or service offered by the College, except as required by law.

A license holder may not carry a handgun if he/she is intoxicated under Texas Penal Code 46.035(d).

2. It is the responsibility of license holders to carry their handguns on or about their person at all times. “About” the person means that a license holder may carry a holstered handgun in a backpack or handbag, but the backpack or handbag must be close enough that the license holder can grasp it without materially changing position. A license holder who carries a handgun on campus must carry it in a holster that completely covers the trigger and the entire trigger guard area. The holster must have sufficient tension or grip on the handgun to retain it in the holster even when subjected to unexpected jostling.

The College does not provide storage for handguns.

The open carry of handguns is not permitted on College premises.

3. The College is often the site of pre-K-12 school-sponsored activities, such as field trips. When a pre-K-12 school-sponsored activity is conducted at a particular location, the carrying of concealed handguns is prohibited. A sign shall be posted reading “pre-K-12 school-sponsored activity in progress” during these activities. “School-sponsored activities” for purposes of this policy are defined as tours, demonstrations, field trips, events, clubs, camps, clinics, programs, etc., held on College property that are authorized by a K-12 school district or individual school(s) as a curricular, co-curricular, or interscholastic activity and are managed or supervised in part by the district or school or district or school employee.

Upon a survey of the College campuses, areas identified as routinely hosting such school-sponsored activities shall be posted on the College’s rules and regulations regarding campus carry.

4. Texas Penal Code §46.03(a)(2) excludes license holders of handguns from carrying a handgun on premises of a polling place on the day of an election or while early voting is in progress, according to Policy 2-19. A sign shall be posted at any polling place on campus from the commencement of early voting through Election Day that reads either “Polling Place” or “Vote Here.” (See Electioneering Procedure 2-19A)

5. Texas Penal Code §46.035(b)(6) excludes license holders of handguns from carrying a handgun on the premises of a church, synagogue, or other established place of religious worship. A sign shall be posted that conforms to Section 30.06 of the Texas Penal Code.
6. Texas Penal Code §46.035(b)(2) excludes license holders of handguns from carrying a handgun where a high school, collegiate, or professional sporting event or interscholastic event is taking place, unless the license holder is a participant in the event and a handgun is used in the event. Notice shall be given for all collegiate sporting events. If possible, for ticketed sporting events this notice should be given by means of a written communication on the back of or appended to the ticket. Vendors and others who are permitted to enter the premises without a ticket shall be provided written notice through other means. A sign shall be posted that conforms to Texas Penal Code, Section 30.06.

7. The concealed carry of handguns shall be prohibited in areas for which state or federal law, licensing requirements, or contracts require exclusion at the exclusive discretion of the state or federal government or by a campus accrediting authority. Where appropriate, signage must conform to the overriding federal or state law requirements. Otherwise, notice conforming to Texas Penal Code §30.06 must be provided.

8. The concealed carry of handguns shall be prohibited in patient care areas, including those in which professional mental health and counseling services are provided. A sign shall be posted that conforms to Texas Penal Code, Section 30.06.

9. The concealed carry of handguns shall be prohibited in areas in which formal hearings are being conducted, pursuant to Code of Student Conduct (Student Handbook): academic hearings, veterans appeal hearings, financial aid appeal hearings, employee hearings, and employee grievances. A sign shall be posted that conforms to Texas Penal Code, Section 30.06.

10. The concealed carry of handguns shall be prohibited in areas where the discharge of a firearm might cause great harm, such as laboratories with extremely dangerous chemicals, biologic agents, explosive agents, critical infrastructure, and areas with equipment that is incompatible with metallic objects, such as magnetic resonance imaging machines. A sign shall be posted that conforms to Texas Penal Code, Section 30.06.

11. Counselors, staff, and volunteers who work in a campus program for minors must, as a condition of their participation, agree not to carry a concealed handgun on the grounds or in buildings where the program is conducted. Parents of attendees must also agree, as a condition of their child’s participation, not to carry a concealed handgun on the grounds or in buildings where the program is conducted. “Campus program for minors” is defined as to provide oversight and training for camps and programs involving minors held on College premises or operated by the College which have recreational, athletic, religious, or educational activities for the campers. This includes all camps or programs covered by Texas Education Code, Chapter 51, Section 51.976, as well as any day camp, activity, or University Interscholastic League (“UIL”) event sponsored by the College. A sign shall be posted that conforms to Texas Penal Code, Section 30.06.

This policy does not apply to College course-based academic service learning or research approved by the Institutional Review Board (“IRB”).

12. The College shall amend the Code of Student Conduct, Faculty Handbook, and San Jacinto Policy and Procedure Manual to provide that causing the accidental or intentional showing of a firearm or the accidental discharge of a firearm is conduct subject to disciplinary action.

13. Exclusion zones created by Texas Penal Code §§46.03 and 46.035 as well as by the rules and regulations enacted under S.B. 11 may sometimes comprise only a portion of a building. In some instances it may not be feasible to exclude concealed handguns only from the designated exclusion zones. The following factors and principles shall govern the implementation of these rules and regulations in those buildings in which some, but not all, parts are designated as exclusion zones.

**Governing factors**

- The percentage of assignable space or rooms in a building that are designated as exclusion zones.
- The extent to which the area (or areas) designated as exclusion zones are segregated from other areas of the building.
- The extent to which use of the building and hence its status as an exclusion zone varies from day to day or week to week.

**Governing principles:** If a small number of rooms or a small fraction of assignable space in a building is subject to exclusion, only the rooms or areas that qualify for exclusion should be excluded.

- If 85 percent or more of the total building in terms of number of rooms or assignable space is subject to exclusion or if the excludable space is not segregated from other space, then as a matter of practicality, the whole building may be excluded.
- Appropriate signage shall be posted that conforms to Texas Penal Code, Section 30.06.

14. The College shall develop training materials particular to San Jacinto College on how to respond to an active shooter situation. These shall be incorporated in the active shooter training, and all faculty and staff shall be required to complete this module. All students are encouraged to complete training on how to respond to an active shooter situation.
15. The College shall develop and post in a prominent place detailed Campus Carry FAQs.

16. The College shall develop materials that educate and inform current and prospective San Jacinto College students about campus carry and how it is being implemented.

17. To the extent possible, areas within gun-exclusion zones should be made available on a scheduled basis to faculty and staff. These spaces can be used for conferences that faculty or staff would prefer to conduct in a gun-exclusion zone.

18. The following factors and principles shall govern the implementation of exclusions or allowances for graduation ceremonies.

Governing factors: Off-campus location shall follow the venue’s rules and regulations in regards to the permitted carrying of firearms.

• On-campus location shall follow the use of the building and/or exclusion zone criteria set forth herein.

19. The campus safety and security council, appointed by the Chancellor, shall be established and tasked, at a minimum, with the following responsibilities:

(1) Support the consistent implementation of these policies.

(2) Provide a review process for recommendations to the Chancellor.

(3) Compile, maintain, and provide a periodic review of the premises where license holders are prohibited from carrying a handgun.

A student or a member of the faculty or staff of the College may appeal a decision regarding the implementation of a policy or procedure contained herein to the campus safety and security council for consideration. A further appeal of the decision of the campus safety and security council may be submitted to the vice chancellor of fiscal affairs for consideration. The vice chancellor of fiscal affairs may choose to make a final decision or submit the appeal to the Chancellor for reconsideration. The decision of the Chancellor to approve, reject, or modify a decision is final.

Additional policies or exclusion areas not provided for in this policy will not be the subject of or considered as a matter of appeal. In accordance with Texas Government Code, Section 411.2031, the Chancellor is authorized to enact reasonable rules and regulations regarding the concealed carry of handguns on campus.

20. Not later than Sept. 1 of each even-numbered year, the College shall submit a report to the Texas Legislature and to the standing committees of the legislature with jurisdiction over the implementation of these policies that:

(1) Describes the rules and regulations adopted by the College regarding the carrying of concealed handguns on its campuses.

(2) Outlines the reasons the College established the provisions adopted.

Definitions

Campus: All land and buildings owned or leased by the San Jacinto Community College District.

College: The San Jacinto Community College District.

Concealed Carry: The Texas Department of Public Safety defines a concealed handgun as a handgun not openly discernable to the ordinary observation of a reasonable person.

Employee: A full-time or part-time employee of the San Jacinto Community College District as defined by human resources policy and procedure.

Exclusion Zones: An area of campus, building, or room where the possession of a handgun is prohibited by current Texas statute or an area of campus, building, or room designated and approved by the SLT and board of trustees in which the possession of a handgun is prohibited.

Handgun: A handgun is any firearm that is designed, made, or adapted to be fired with one hand.

License to Carry Holder: A person licensed to carry a concealed handgun under Chapter 411 of the Texas Government Code.

“On or about their person”: A person licensed to carry a handgun must carry a handgun in a manner that the handgun is close enough to the license holder that he or she can reach it without materially changing position.

Patient Care Areas: An area, including research areas, that involves the treatment or evaluation of a medical or mental health condition of a patient by a licensed health care provider or under the supervision or direction of a licensed health care provider and that results in a formal record of treatment.

Student: A currently enrolled student of the San Jacinto Community College District as defined by instruction policy and procedure.
Campus Carry Facts and Helpful Hints

Campus carry takes effect for San Jacinto College on August 1, 2017.

- License to carry holders may carry a concealed handgun on campus.
- The handgun must remain concealed and within arm's reach of the license to carry holder.
- Handguns may not be openly carried.
- Handguns may not be openly displayed at any time.
- No other prohibited weapons may be carried.
- Only members of the San Jacinto College Police Department may ask someone if they are licensed to carry a concealed handgun.
- San Jacinto College does not provide handgun storage.
- Handguns may be stored in a locked motor vehicle.
- There will be several areas of campus called gun exclusion zones where a license to carry holder may not enter with a concealed handgun.
- License to carry holders are responsible for knowing gun exclusion zone locations.

Gun exclusion zones will be clearly marked by signs like this sample:

What is a gun exclusion zone?
An area of campus, building, or room where the possession of a handgun is prohibited by current Texas statute or an area of campus, building, or room designated and approved by the SLT and board of trustees in which the possession of a handgun is prohibited.

Where may a license to carry holder carry a concealed handgun?
Any area that is not designated as a gun exclusion zone. Examples:
- Public or private driveway
- Streets
- Sidewalk or walkway
- Parking lot, parking garage, or other parking area
- Hallways
- Classrooms
- Offices open to the general public
- Financial aid
- Nursing labs
- Culinary labs
- Gym/wellness centers

If you see someone with a handgun on campus: Do not confront him or her!
- Call San Jacinto College Police Department immediately at 5555 from college phones or 281-476-9128.
- Hearing impaired text: 713-469-1071

An Equal Opportunity Institution
Updated 6/28/2021
San Jacinto College Community College District
Mission and Vision Statements

**Mission**
San Jacinto College is focused on student success, academic progress, university transfer, and employment. We are committed to opportunities that enrich the quality of life in the communities we serve.

**Values**

- **Integrity: We Act Honorably and Ethically**
  “We conduct ourselves in ways that are professional, instill confidence, and promote trust.”

- **Inclusivity: We Grow through Understanding**
  “We respect and learn from the diversity of our cultures, experiences, and perspectives.”

- **Collaboration: We Are Stronger Together**
  “We believe in the power of working together.”

- **Innovation: We Embrace New Possibilities**
  “We anticipate change, explore opportunities, and create continuously evolving solutions.”

**Campus Security and Fire Safety Report**
The San Jacinto Community College District is committed to assisting all members of the San Jacinto College community in providing for their own safety and security. The annual security compliance document is available on the San Jacinto College Police Department website at [www.san Jac.edu/police](http://www.san Jac.edu/police).

A hard copy of the report is available for review at each of the campus police offices.

- Central Campus

  - Pasadena, Texas 77505
  - Slovacek Student Center
  - N12.205
  - 8060 Spencer Highway
  - Pasadena, Texas 77505

The website and report contain information regarding campus police, personal safety, sexual assault awareness and prevention, crime reporting policies and statistics, information on compliance with the Jeanne Clery Act, crime prevention techniques, incident reporting and response, College emergency notification procedures, and the annual fire/safety report.

**Graduation and Completion Rates**
In compliance with Public Law 101-542 (as a.m.ended by P.L. 102-26), San Jacinto College publishes a report of completion rates for full-time undergraduate students seeking an associate degree, a certificate of technology, or transfer to a four-year institution. This report is updated annually. The report is available separately for each San Jacinto College campus and is stratified by gender, ethnicity, and varsity sport. The report is available upon request in the campus president’s office. Current and prospective students and student-athletes are encouraged to avail themselves of the information in this report prior to enrolling or entering in any financial obligations with or through the College.

**Accreditation Statement**
San Jacinto College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate and baccalaureate degrees. Questions about the accreditation of San Jacinto College may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC’s website (www.sacscoc.org).

**Equal Opportunity Statement**
The San Jacinto College District is committed to equal opportunity for all students, employees, and applicants without regard to race, creed, color, national origin, citizenship status, age, disability, pregnancy, religion, gender, sexual orientation, gender expression or identity, genetic information, marital status, or veteran status in accordance with applicable federal and state laws.

No person, including students, faculty, staff, part-time, and temporary workers, will be excluded from participation in, denied the benefits of, or be subjected to discrimination or harassment under any program or activity sponsored or conducted by the San Jacinto College District on the basis of the categories listed.

The following College officials have been designated to handle inquiries regarding the College’s non-discrimination policies:

- **Vice Chancellor, Human Resources**
  - Sandra Ramirez - Equal Opportunity Compliance Officer
  - 4624 Fairmont Parkway
  - Pasadena, Texas 77504
